THREE SISTERS FEARED POISON; PROBE DEATH

San Antonio Woman Physi-
cian Found Dead and Sis-
ters Panic Stricken

ABSTAIN FROM EATING
BECAUSE OF FRIGHT

Officials Are Attempting to
Unravel Mystery With
Strange Angles

(ASSOCIATED PRESS TELEGRAM)
San Antonio, Texas, May 18.—
Developments in the investigation
to determine the causes leading to
the death of Dr. Sarah Francis Herd-
man, osteopathic physician, whose
body was found at her home here
Tuesday morning, today furnished
additional proof that Dr. Herdman
and her two sisters, Mrs. Margaret
Allen, of Brooklyn, N. Y., who also
is an osteopathic physician, and Miss
Alice Herdman of San Antonio, but
also formerly of Brooklyn, long
shared a fear that poison was being
administered to the two sisters in
San Antonio.

The nature of the poison and who
administered it, if the fear of the
sisters was justified, remains a mys-
tery.

Further proof of the poison fear
was furnished by Rev. M. R. Amun-
son, of 338 St. John's place, Brook-
lyn, and pastor of a Christian
church, who arrived yesterday in re-
sponse to a telegraphic summons by
Mrs. Allen and supplemented by a
message from Rev. Hugh McClellan,
pastor of the First Christian church
here. Mr. Amunson stated that Mrs.
Allen, before she left Brooklyn two
weeks ago, told him her sisters in
San Antonio had been poisoned and
she was going to treat them. Mr.
Amunson also said Mrs. Allen came
to San Antonio last summer on a
similar mission and that she then
also expressed belief that efforts
were being made to poison her sis-
ters.

Mrs. Allen and Miss Herdman to-
day were in custody of an alienist
for observation. After visiting them
at a sanitarium, Rev. Mr. Amunson
said at an inquest held to determine
the cause of Dr. Herdman's death,
that he was unable to get from either
any statement other than the be-
lief in a poison plot and that also
Mrs. Allen now expressed a similar
belief regarding herself.

With difficulty he said he per-
suaded the sisters to eat some fruit,
Mrs. Allen having stated to him that
for nearly three weeks prior to Dr.
Herdman's death, neither Dr. Herd-
man nor Miss Alice Herdman had
eaten anything. In fear of
poison and that she herself, since
coming to San Antonio, also had ab-
stained from food.

Mr. Amunson also stated Dr. Allen
told him that she and Miss Herdman
were present when Dr. Herdman
died Monday night and that they left
the house through fear and went to
the Y. W. C. A. where they spent
the night. A neighbor of Dr. Herd-
man's named Reinsonberg testified
that the inquest that after coming to
San Antonio, Mrs. Allen frequently
visited his home, got water stating
she believed the water at the
Herdman home was being poisoned.

That Dr. Herdman cherished the
poison fear five years ago was con-
firmed by Herman A. Nester, chem-
ist, to whom city authorities have
entrusted investigation of the cause
leading to Dr. Herdman's death.
Nester said that five years ago Dr.
Herdman brought him some candy
which she said had been poisoned.
He tasted the candy and found a
trifling amount of poison in it. Nester
stated he had found some poison
in the stomach of Dr. Herdman but
that, in his opinion, it was not the
cause of death. Detectives said that
prior to her death Dr. Herdman
mailed several bulky packages bear-
ing eastern addresses. Postal au-
thorities have been asked to inter-
cept these. At the conclusion of the
inquest Justice Ben Fisk announced
he would make no decision but
would await action of the grand
jury.

NAVY GUNNERS ON TORPEDOED SHIP REACH NEW YORK

(ASSOCIATED PRESS TELEGRAM)
New York, May 18.—The British
steamship which picked up 14 men
of the crew and naval gunners of the
American steamship Rockingham
after that vessel was torpedoed and
sunk off the Irish coast on May 1,
arrived here today with them.
Two men were killed when the
Rockingham was attacked. All the
survivors have returned to America.
The arrivals today—Third Officer
Arthur McKenny and 13 naval gun-
ners, said they were adrift in an
open boat for 48 hours before be-
ing rescued 40 miles north of the
spot where the ship sunk. They had
ample provisions and water, they
said, and suffered no hardships.

PRESIDENT'S UNCLE DEAD.
Columbus, O., May 18.—Funeral
services will be held here tomorrow
for Charles Scott Woodrow, aged 67,
an uncle of President Wilson. He
died yesterday at his home near
Brigade, a suburb.

POSITIVE CHARACTER IN MAN IS IMPORTANT IF HE "MAKES GOOD"

LASHES FROM THE
BROMLEY WHIP.

"God's already put out cur-
rency."
"You've got to bring the real
stuff and no counterfeit when
you deal with God."
"Now there are lots of people
who want to be friends of God
when they're still holding the
sword."
"Christ preached pretty
plain."
"Jesus would take an old file
to you."
"I haven't called any of you
snakes yet, but they're a few in
Newark."
"There's a shop where you
can get your soul fixed."
"Some people have too much
conviction."
"Lot's of people try to patch
themselves up."
"God'll make a new man out
of you from top to bottom."
"It's strange how mules like
to get out of hearin' distance of
a fellow that swears."
"You must take the religious
route."
"We Christians aren't mili-
tant enough."

Industrial Night was a huge suc-
cess. The audience was large and
included large delegations from
Wehrle's, Heisey's and Buckeye
Rolling Mill. The platform still was
banked with ferns. A royal wel-

come was given the Industrial men
and when Dr. Bromley came to the
platform he was greeted with ap-
plause. The evangelist opened the
discussion with a few remarks con-
cerning the Newark Theatrical Man-
ager. "I'm sorry I'm causing my
friend, Mr. Fenberg so much trou-
ble," and announced that he expect-
ed another circular soon. He said
that these would be distributed at
the tabernacle. "But if he keeps
on," he declared, "I'll stay in town
another week." "Well if the Boss
says we'll all stay," said Director
Wienand. The evangelist told the
audience to forget what he had said
and started upon his sermon.

The lack of purpose in man was
made a subject of discussion.

"The vacillating man will never
make good," he stated, "it takes a
positive character. He declared that
before doing an important thing one
should ask himself three questions:
1. Is it right? 2. Can it be done? 3.
Is it my duty? If the three ques-
tions can be answered satisfactorily,
the thing should be done. He de-
clared that too many people wanted
to go to Heaven in their own way.
The fact that, after all, God might
have reason to be ashamed of a per-
son, was pointed out.

The evangelist commended the
way in which some people swallowed
their pride and took their stand for
God.

Briefly he took a fall-out of the
cheap literature, "yellow" sheets,
movies, and billboards. The High
School dance was relegated to the
ash-heap. He deplored the lack of
(Continued on Page 12, Col. 5.)

BRITISH ASSIGN NAVAL OFFICER TO YANKEE FLEET

(ASSOCIATED PRESS TELEGRAM)
London, May 18.—Commander
Edward R. G. Evans, who was sec-
ond in command of the Scott Anarc-
tic expedition and was in charge of
British destroyer Broke when she
was another British destroyer de-
feated six German destroyers off
Dover on the night of April 20, has
been assigned to advisory duty with
the American destroyer squadron in
British waters. He went aboard the
senior American officer's vessel as
soon as the American destroyers ar-
rived and his duties began immedi-
ately. He will continue in complete
touch with the senior officer, giving
that officer practical advice on all
matters concerning strategy, tech-
nique and the latest methods of sub-
marine warfare.

The appointment of the com-
mander of the Broke to duty with the
American squadron was received
with the greatest enthusiasm by the
American forces and his selection is
regarded as one of the happiest
events in connection with the recep-
tion of the American units.

BANKERS TO AID SALE OF LIBERTY BONDS THRU WEST

(ASSOCIATED PRESS TELEGRAM)
New York, May 18.—The war loan
committee of the American Bankers'
Association today began sending out
literature to all parts of the country
containing practical suggestions for
selling "Liberty Bonds," through the
medium of 30,000 financial institu-
tions. "A war bond in every home"
is the slogan of the committee.

In conjunction with this campaign
the Rev. Newell Dwight Hillis, ac-
companied by Lawrence C. Chamber-
lain, a bond expert, will start on a
speaking tour next week to stimu-
late subscriptions to the loan. He
will speak in practically every im-
portant city from Ohio to the Pacific
coast.

Private wires to the extent of
220,000 miles, reaching to every
part of the country were placed at
the service of the loan committee
by John W. Prentiss, chairman of the
exchange committee of New York Stock
Exchange houses today. It is plan-
ned to use the wires for the trans-
mission of campaign material for the
loan.

NO TROUBLE IS EXPECTED WITH GERMANS IN BRAZIL

Washington, May 18.—The Brazil-
ian government anticipates no serious
trouble with a large colony of
Germans in Brazil and already has
been assured of the loyalty of
Brazilians of German descent, ac-
cording to a note handed to Sec-
retary Lansing by the Brazilian am-
bassador and made public today.

offensive against the Austrians on
the Julian front, according to an of-
ficial statement issued this after-
noon by the British war office.

JAPAN'S FLEET AT MARSEILLES TO AID ALLIES

Naval Force Reaches French
Port to Aid Campaign
Against U-Boats

BRITISH IN POSSESSION
OF BULLECOURT VILLAGE

Fires Behind German Lines
Indicate Probable Retire-
ment of Hindenburg

(ASSOCIATED PRESS TELEGRAM)
New York, May 18.—Bullecourt is
at last in British hands and
the Droocourt-Queant line appears
doomed. The tremendous sacrifices
made by the Germans have proved in-
vain and the flames of burning towns
behind their lines give color to re-
ports that Field-Marshal von Hin-
denburg is contemplating another
strategic retreat.

The capture of Bullecourt has
brought the British to within two
miles of Queant, the northern side
of the famous swivel line. Their
guns have already scorched it at an
equal distance to the south and east
and only a narrow gateway to the
northwest has opened to the German
garrison. Bullecourt itself, over
which much blood has flowed, stands
on a height overlooking a broad val-
ley which runs directly to Queant. It
presumably will take some time for
the British to establish their heavy
guns on this height, but the fate of
Queant seems sealed.

Additional proof of the importance
of the victory won by General Cadorna
but they also bring word that the
Austrians have retreated and ap-
parently the usual tactic of counter at-
tacks will follow the first successful
assault on the Bozso heights. The
enormous difficulties of the terrain
over which General Cadorna is op-
erating render it improbable any
sensational advance will take place
and the prospects are for a repetition
of a hammer and tongs fighting
that is proceeding in France.

For the first time in weeks all the
news from Russia is of a reassuring
character. Premier Lvoff expresses
high hopes that the coalition minis-
try will weather the storms which
have convulsed the country, demoral-
ized the fighting forces and raised
the sinister specter of anarchy and
reaction. General Alexieff, Brusiloff
and Gurko have resumed their
commands and for the time being at
least, the clamor of the Radicals and
visionaries has died away.

Probably the most important news
from Europe is the announcement
that Japan is going to take an active
part in the great struggle. A Jap-
anese naval force has arrived at
Marseilles to join the campaign
against the German submarines, es-
pecially, according to dispatches,
with the purpose of protecting
French shipping. This unheralded
action by the allies' Oriental partner
raises both political and military
questions of supreme interest, upon
which, however, there is no light at
present.

BERLIN ADMITS LOSS OF BULLECOURT VILLAGE

(ASSOCIATED PRESS TELEGRAM)
Berlin, May 18, via London.—The
official statement issued today by
the German headquarters army staff
says that the ruins of the former
village of Bullecourt were evacu-
ated by them yesterday.

Your Country Needs Your Savings!

In return it offers you bonds that are the very
safest investment in all the world—tax free,
and paying 3½ per cent. interest.

Apply at any bank for application blanks and
explanation of terms. You can surely com-
mand sufficient resources to buy a \$50 bond
—on easy terms.

Try it as a saving proposition, even if you
are not moved by patriotic motives.

If everyone leaves it to his neighbor to sub-
scribe, the government can't raise the money
to finance the war.

The \$2,000,000,000 Liberty Loan bond issue
means \$20 for every person in the United
States—\$1,100,000 for Licking county.

Buy a Bond Today!

The Cause of Humanity is calling!

HEBRON THREATENED WITH DESTRUCTION

Hebron, May 18, 2:45 p. m.—Fire which started at 2:15
this afternoon in the Smith lumber yard here, threatens
the entire northern end of the village. Already the lum-
ber yard, Pence's warehouse and grain elevator and a
number of residences are burning.

The volunteer fire company in the village soon found
the blaze beyond their control and an appeal was made to
Newark and Columbus for help and apparatus. The entire
village has turned out to help fight the blaze.

Poles on the Ohio Electric railroad
were burned and traffic on this line
has been blocked. The entire village
is in a panic and few details are ob-
tainable.

The flames are fanned by a high
wind which carries fire brand long
distances.

No estimate of the loss can be
made at this time. The two ware-
houses and the grain elevator are

large structures and burned like
tinder.

Shortly before 3 o'clock this after-
noon the Ohio Electric wires and the
Bell telephone wires could not get
into communication with Hebron.
Efforts to get information from in-
dividuals failed. The village is in
a panic. All the men in town are
(Continued on Page 6, Col. 3.)

COALITION CABINET ENDS CRISIS IN RUSSIA; RUMORED TRUCE IN EAST

(ASSOCIATED PRESS TELEGRAM)
Petrograd, May 18, via London.—
The news yesterday that an agree-
ment had been reached between the
provisional government and the
Council of Workmen's and Soldiers'
Delegates was followed unexpectedly
last night by an official announce-
ment that the ministerial crisis had
not yet been settled. This morning,
however, it was made known official-
ly that the formation of a coalition
had been completed.

The new cabinet will follow the
lines agreed on previously for rep-
resentation of the various Socialist
groups. The official statement says
six Socialists are included.

A hitch in the formation of a new
government in Russia, developing
yesterday, apparently has been set-
tled over night.

Every indication yesterday was
that the acute crisis had been set-
tled by the formation of a coalition

cabinet but a dispatch filed in Petro-
grad last night and received this
morning announced that the settle-
ment was not yet final.

Quickly following this, however,
came a dispatch under today's date
stating definitely that cabinet had
been formed with the inclusion of
six Socialists. Thus it appeared that
whatever difficulty there had arisen
had been adjusted.

German rumor meanwhile is busy
with the Russian situation. News
agency reports from The Hague to-
day gave evidence of this in an-
nouncing the currency there of a
rumor of German origin that as the
result of the political change in Petro-
grad a truce was about to be ar-
ranged between the Central Powers
and Russia. Every indication from
Petrograd is directly contrary to any
such assumption, one of the cardinal
features of the new government's
program being the continuation of
cordial unity with the entente allies.

CALL OHIO GUARD TO U. S. SERVICE MIDDLE OF JULY

Entire National Guard of
Country In Service Be-
fore August 5th

RECRUIT ALL ORGANIZATIONS
TO FULL WAR STRENGTH

Divisional Camps Will Be
Located In Southern and
Western States

(ASSOCIATED PRESS TELEGRAM)
Washington, May 18.—The Ohio
National Guard will be called into
the Federal Service July 15, it was
definitely announced today by the
war department. All other national
guard units will be called into the
federal service between July 15 and
August 5.

Governors have been authorized
to recruit all organizations to war
strength. The dates of assembly fol-
low:

July 15—Ohio, West Virginia,
Pennsylvania, New York, Michigan,
Wisconsin, Minnesota, Iowa, North
Dakota South Dakota and Nebraska.
July 25—Maine, New Hampshire,
Vermont, Massachusetts, Rhode Is-
land, Connecticut, New Jersey, Dela-
ware, Maryland, District of Colum-
bia, Virginia, North and South
Carolina, Tennessee, Illinois, Mont-
ana, Wyoming, Idaho, Washington,
and Oregon.

August 5—Indiana, Kentucky,
Georgia, Florida, Mississippi, Arkan-
sas, Louisiana, Oklahoma, Texas,
Missouri, Kansas, Colorado, New
Mexico, Arizona, Utah and Carolina.
Arrangements for formally incor-
porating the guard into the armies
of the United States terminating for
the war period their status as mil-
itia or state troops, are understood to
be based on the possibility of sup-
plying full war equipment for the
troops.

It is understood also that the 16
divisional cantonment camps for the
guard will all be in the southeast-
ern, southern and western depart-
ments. Dates upon which various
state units are to be moved to the
big camps from state mobilization
points will depend upon completion
of the quarters and supply system at
the cantonment camps.

ORDERS NOT RECEIVED.

(ASSOCIATED PRESS TELEGRAM)
Columbus, May 18.—Official in-
formation from Washington of the
calling out of the Ohio National
Guard July 15 at noon today had not
been received at the governor's of-
fice, nor by the adjutant general's
office, but the Ohio military organi-
zation is prepared to start activities
with the definite date of assembling.
All telegrams to commanders of
units have been prepared for days
and await only the addition of the
dates for mobilization.

Immediately upon receipt of the
official order from Washington these
messages will be rushed from the
adjutant general's office to the col-
onel of each of the regiments in the
Ohio guard, and to command of-
ficers of the units.

NEW FOREST FIRES FANNED BY WIND BURN BIG TIMBER

(ASSOCIATED PRESS TELEGRAM)
Duluth, Minn., May 18.—The
north country was lighted again last
night by new forest fires and old
ones fanned into activity by high
winds. At Grand Ravine, Minn., a
particularly serious fire is in pro-
gress in the Deer Lake district. Many
square miles in Itasca county have
been burned over. Near Stanley ser-
ious fires are burning. Wire com-
munication is interrupted.

For the first time in the history of
the range mine pumps have been
withdrawn from mines to fight fires
at Mesaba, Minn. Railroad men
caught on a bridge between two
walls of fire, jumped into the water
barrels to save themselves. Hibbing,
Minn., fires were fanned into action
again last night by northwest winds.
Big fires are reported six miles east
of Sturgeon Lake between two dis-
tricts already devastated.

The most serious fire is at Wilpen,
Minn., where the Dupont Powder
mill is located. The fire came with-
in half a mile of the warehouse. At
Perth, Minn., schools are closed to
permit children to fight fires.

OREGON VILLAGE SETS NEW RECORD FOR VOLUNTEERS

(ASSOCIATED PRESS TELEGRAM)
Portland, Oregon, May 18.—Every
unmarried man between the ages of
21 and 30 in Port Orford, Curry
County, Ore., the westmost town of
the United States, already has vol-
unteered for service either in the
army or the navy. The volunteers
from the little town of 250 people
number about one third of the adult
male population. Eleven of the vol-
unteers are due in Portland today to
enlist in a body. They made a stage
ride of 15 miles over mountain roads
to reach a railroad.

RUSSIA'S NEW ARMIES TRAIN IN THE STREETS OF PETROGRAD

It is quite a common sight in some
of the Russian cities and especially
in Petrograd to see Russian recruits
for the new armies being trained in
the streets. Squads of men are seen
drilling, charging or learning how to
use the bayonet. Thousands of re-
cruits are thus learning how to
handle themselves before taking
their places on the firing line. They
are men of fine physique and need
but capable instruction to make them
good soldiers.

Recruits on a plain in Petrograd, going through a practice drill.

CALL OHIO GUARD TO U. S. SERVICE MIDDLE OF JULY

(Continued From Page 1)
Officers of separate units, who in turn will issue orders for their respective unit commanders.

The Ohio guard now is just half the size it must be. There now are 600 officers and 13,000 enlisted men enrolled. War strength on a basis of 800 men for each senator and congressman means 19,200 men. Full war strength means 25,054 men. 5,959 more than Ohio's quota. These figures from official sources were given on the assumption that Ohio guardsmen will form a complete division.

The make-up of the Ohio National Guard under the divisional unit proposal means that there will be 26 officers and 564 enlisted men in the division organization itself; three brigades of infantry composed of nine regiments, each of 55 officers and 2002 men and a separate battalion of infantry of 15 officers and 608 men. The remainder of the division will include three regiments of artillery with 141 officers and 3,870 men; one regiment of engineers of 36 officers and 1097 men; a battalion of signal troops of nine officers and 170 men; three ambulance companies of 15 officers and 450 men and three field hospitals of 15 officers and 237 men, a grand total on a war strength division basis of 776 officers and 25,059 enlisted men.

The order from Washington is expected to stimulate recruiting as one of the frequent answers and delays in enlistments. There was doubt expressed however, that the guard can be built to the 25,000 strength by July 15.

The Ohio guard will be in the southeastern cantonment camp, which means that militiamen will go into training camps somewhere in the south. Chicago park, Tenn., has been reported as a possible site of Ohio's training ground. It was a Spanish-American war concentration point. "Until the official information comes, officers will not know if state troops will be assembled at one point and moved as one body, or sent to the training camp of units, assembling after arrival."

REICHSTAG SPEECH BLAMES GERMANY FOR ENTERING WAR

(Associated Press Telegram)
Amsterdam, via London, May 18.—In the course of the budget debate in the Reichstag on Wednesday Deputy Vogthorn, Socialist, attacked the government for questionable methods in propagating the war loan. He said that soldiers in the field had been forced to subscribe and that similar pressure had been exerted on co-operative societies.

Herr Vogthorn advocated that the security of the investment and the rate of interest had been rendered doubtful by an article in the Tages Zeitung which said:

"Assurance by the government can only be given in the expectation of a large war indemnity."

The deputy asked for an assurance that the interest would not be reduced. In reply the finance minister protested against Herr Vogthorn's statements and assured him that subscribers would be safeguarded. He expressed his conviction that the subscription of the soldiers were voluntary.

Deputy Cohn, Socialist, said that all military writers had counted, even before the war, on a starvation campaign by Great Britain and that it was therefore hypocritical to act as if Germany were surprised by these tactics. The President here called Deputy Cohn to order but the deputy continued:

"Granted that England did proclaim a war of starvation, right must remain right. Before the war I never imagined we would be driven to war by Germany's fault."

Amid a violent uproar Deputy Cohn was again called to order.

The Girl Question
Black—What is this girl question one hears so much about?
White—Why, it's simply, "Will you marry me?"—Fuck.

WHAT!

NO SLEEP LAST NIGHT?

If coffee was
the cause
change to
POSTUM
and sleep!

"There's a Reason"

VOLUNTEER NOW AND CHOOSE UNIT IS BATTERY PLEA

Lieut. W. H. Mauser of the Third Infantry was in Newark Thursday afternoon when eight applicants for enlistment in Battery C of the O. N. G. which is recruiting at the northwest corner of the public square were examined.

The examination took place at the Y. M. C. A. and seven of the applicants were accepted. They were Ralph Moore, Stanley S. Claggett, William M. Trefel, George R. Robinson, Ralph Menter, and two naturalized Roumanians, Samuel Breaze and Steve Iacse.

Private Webb spent yesterday in Granville working among the students, in an endeavor to interest them. He met with little success, however, there seeming to be a lack of interest. However several promised to come to Newark tonight to inquire further into organization.

A realization should come that the man who enlists voluntarily will have the opportunity of selecting the department of the military service in which he wishes to locate. When conscription comes, which is coming, the men will be assigned in bodies and there will be no opportunity for individual preference.

WAR TAX DEBATE GROWS WARM IN THE HOUSE TODAY

(Associated Press Telegram)
Washington, May 18.—Resuming debate on amendments to the war tax bill, the House today by a vote of 123 to 54 refused to strike out the section designed to levy a retroactive tax of one-third the amount of last year's income taxes.

When the House took up the bill again today the measure still fell far short of providing \$2,245,000,000, Secretary McAdoo's revised estimate of one-half the cost of the war for the first year, which the administration had planned to raise by taxation. The 25 per cent surtax increase on incomes over \$40,000 which the House approved yesterday in committee of the whole, provides about \$66,000,000 additional, a ways and means committee expert estimated.

Majority Leader Kitchin declared the House would make no effort to raise the total to Secretary McAdoo's new estimate and that if more revenue is needed a separate bill would be introduced at the next session. The committee met today to consider changes in the bill.

Vigorous opposition to the retroactive section was led by Representative Madden. Representative Fess of Ohio, also attacked the section as dangerous because of the possibility of its becoming a precedent for a wide range of retroactive taxes.

Replying to Mr. Fess, Representative Green, of Iowa, declared members seemed determined to tear down the bill without offering substitutes for sections they would strike out.

"If the gentlemen who propose striking out provisions of the bill would suggest substitutes for them, the committee might receive the suggestions with more grace," he said.

Declaration by Representative Little of Kansas that the retroactive feature was fair toward Representative Cannon, of Illinois, to assail Kansas generally.

"Maybe if I were from Kansas I could see plutocrats as the gentleman sees them," Mr. Cannon said. "The fact is, however, that Kansas with a per capita wealth almost as great as that of Illinois, paid only about \$140,000 in income taxes last year while Illinois paid more than \$5,000,000."

Representative Hardy of Texas, criticized Mr. Cannon for bringing a sectional issue into the debate, and Mr. Cannon retorted on Texas, quoting from statistics to show that only about 3,000 persons there paid income taxes.

TREASURY NOTES FOR 200 MILLION ARE AUTHORIZED

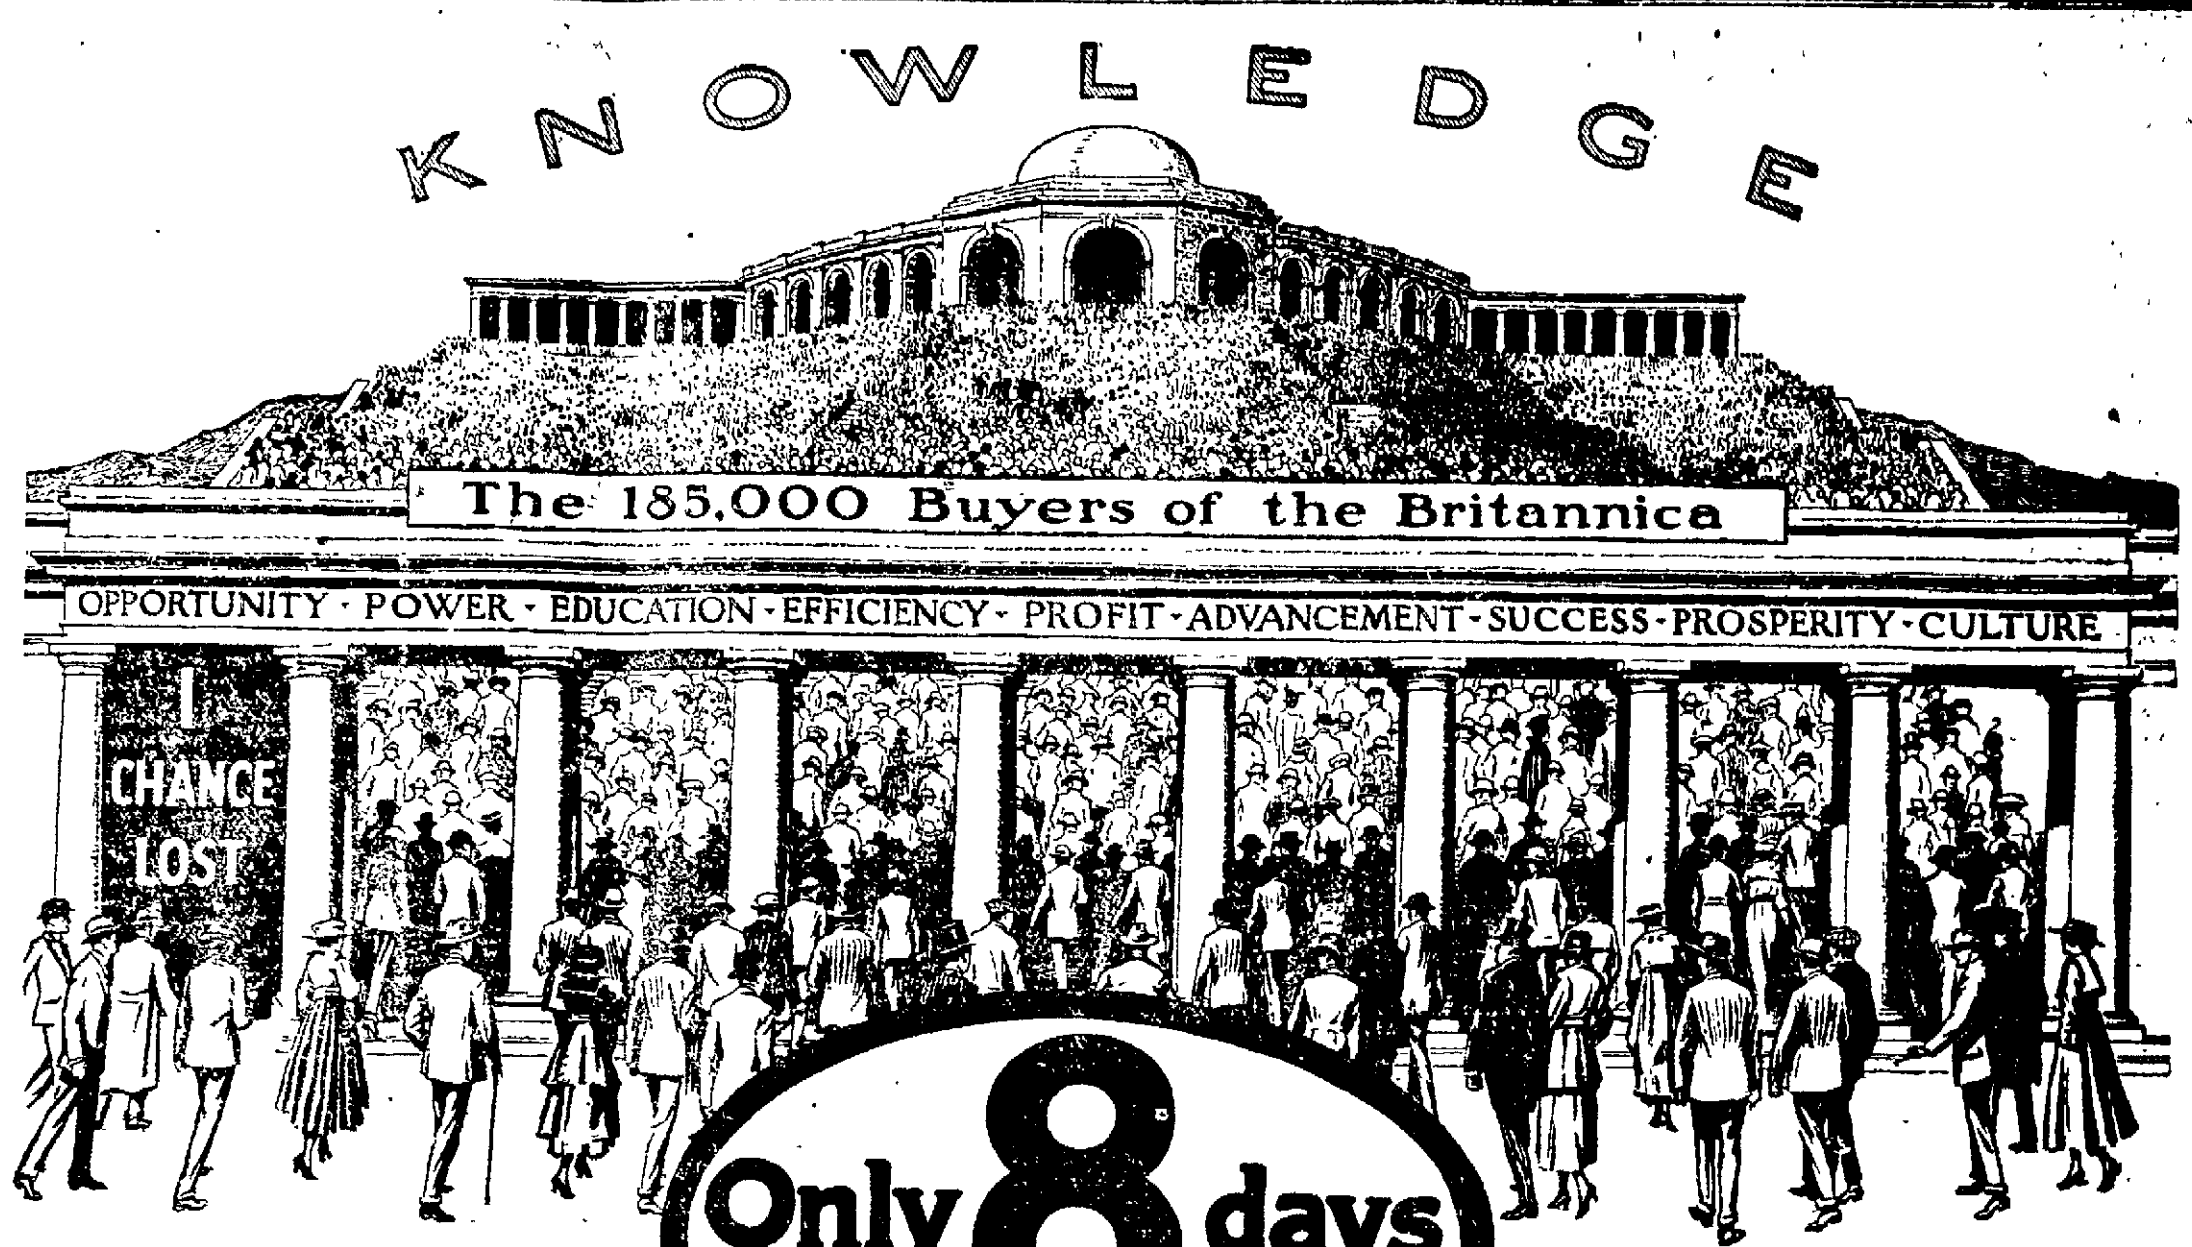

(Associated Press Telegram)
Washington, May 18.—A third offering of treasury short term certificates of indebtedness has been authorized. The new block of certificates will be issued up to \$200,000,000, mature July 20 and bear interest at the rate of 3-1/4 per cent, an increase of one-quarter of one per cent over the last issue. The certificates will bear date of May 25.

Proceeds of the Liberty Loan, the treasury department announced today, will be deposited in banks and trust companies which have qualified as depositories and which forward subscriptions of at least \$100,000. Where possible other financial institutions forwarding a less amount of subscriptions will be treated similarly later. The government will receive two per cent interest.

The government's apparent intention to advance approximately \$1,000,000,000 to the allies before July 1—\$570,000,000 of which already has been paid—is reflected in a request of Secretary McAdoo to the banks to take as large amounts of treasury certificates as possible, "and at least equal to 50 per cent," of the payment they will have to make on subscriptions.

Less than one-half the \$2,000,000,000 Liberty Loan probably has been subscribed, treasury officials explained today to correct the impression which has developed in many minds that the loan has been over-subscribed. Only 26 days remain for receiving subscriptions and in that time a strenuous effort will be made to get small investors to take bonds.

These Sam's main difficulty seems to be to demonstrate the difference between a condition and a theory.

Only eight days
more are left in
which you can

Encyclopaedia Britannica

printed on genuine India paper

SATURDAY, MAY 26th, one week from tomorrow, and possibly a day before, will end forever your opportunity of owning, in its most useful and usable form, the greatest reference work ever published. *NOW—today*—you can make a first payment of only \$1.00 (to be followed by convenient, small monthly payments for a limited period) and the entire set of 29 volumes will be sent you—to use and profit by while you are paying for them. When the last set is sold you will NEVER have another opportunity of buying the Britannica printed on India paper. Knowledge of facts is the greatest power in the world today. It is the thing that marks the difference between the day laborer and the merchant prince, between the clerk and the general manager, between the cabin boy and the captain.

All the world's knowledge—the facts about every trade, every profession, every art, every industry, every science, is summed up and set down for your use, for the use of your wife, for the use of your boys and girls, in the 29 volumes of The Encyclopaedia Britannica. You cannot own and use these books without growing in knowledge, without increasing your ability, your earning capacity, your intellectual caliber.

Today—NOW—you can buy this wonderful opportunity for Advancement, Power, Education, Efficiency, Profit, Success, Culture and Prosperity for

\$1 down and as little as \$3.00 a month (for the cloth binding) for a limited period. If you wait, you will NEVER be able to buy.

You haven't any time to lose. You simply must look this question squarely in the face and decide it. Will you buy the Britannica NOW and have, at your finger ends, the practical advantage—the actual, positive facts that cover all the achievements of all men from the beginning of the world; all the facts that are known about the world; all the facts about the things men make with their hands and with machines; all the facts about every product in the world, its uses, how it is made, how it is used and where it comes from, the people that produce it or manipulate it; all the facts about every country, its history, development; the biography of every notable man and woman; all the facts about the discoveries of every science—will you have these things as your tools to make success for yourself, your wife and your children, or will you let this chance slip and NEVER have another?

The New York Times said, "The Encyclopaedia Britannica is something more than a book—it is an institution."

We do not want even one of these last few sets to go to any one who is not positive that he will find the Britannica useful and helpful to him and his family. There will not be nearly enough sets to supply all those who do know the Britannica will be useful, and who are ordering today, tomorrow and in the next few days.

Do not order unless you know!

But, if you are *almost* convinced and want to make *sure* the Britannica will be of practical use and help to you in your business and in your home, go at once to the store named below. Here you can see the entire set of the Britannica, you can prove the value and usefulness of this work to your own needs. (If you go today you may have a choice of bindings.) Learn the prices—and the terms and number of payments it will take to pay for the books while you use them. You can leave your order there and pay cash, or \$1.00 down and the complete set will be sent you as quickly as possible.

If you already know the value of the Britannica to you, or if you cannot go to the store named below but are convinced you need the Britannica, sign the "Reserve Order" form printed here, pin a one-dollar bill to it, and get it into the mail AT ONCE.

The END of the Sale is HERE!!

Decide NOW, for you will NEVER have another opportunity like this

This sale must end because we cannot get from the publishers any more sets of the "Handy Volume" Issue of the Britannica, printed on genuine India paper.

The publishers cannot print any more sets because they cannot get any more genuine India paper.

This is because the war has made it impossible for the paper makers to obtain two essential raw materials for making India paper, a certain quality of flax from Belgium, Germany or Ireland and hemp from Russia. It will be impossible to secure these materials in sufficient quantities for many years after the war—therefore the Britannica can never be printed in the "Handy Volume" form again.

Sets can be seen and orders left at:

HUMAN ORGANS MADE INTO PICTURES

X-RAY OUTDONE.

(By L. W. Bower, M. D.)

A recent issue of the British Medical Journal explains a remarkable discovery of Dr. James Scherer, and describes a new process of photography by which an abscess of the liver or the kidneys can be photographed from living patients. This will be invaluable because so many people suffer from kidney disease, and if it can be recognized in time they, no doubt, can be saved and life prolonged. Such photographs as can be obtained by this new process will show whether there is a blockage in the intestines or not, whether the kidneys are normal and able to do the great burden put upon them.

Unfortunately, what the liver can't take care of passes on to the kidneys, and the intimate relation between the two organs causes a disease of the kidneys. One of the poisons retained within the system is uric acid in excess.

Death would occur if the kidneys did not work day and night in separating poisons and uric acid from the blood.

The danger signals are backache, depression, aches and pains, heaviness, drowsiness, irritability, headache, chilliness, rheumatic twinges, swollen joints or gout.

This can be avoided by stimulating the kidneys to increased action, and because of its tonic effect on this organ I would advise any one to purchase Anuric, (which is to be had nowhere at almost any drug store,) and take it three times a day, together with a pint of hot water, an hour before meals. By getting rid of the uric acid you can prevent and cure rheumatism, gout, and the pains and aches due to this uric acid stored within the system. I have found in practice that Anuric (double strength) is more potent than lithia and in most cases it will dissolve the uric acid as hot water does sugar.

BOY SCOUTS WILL AID DECORATION OF HEROES' GRAVES

Last night a troop of Boy Scouts visited Cedar Hill cemetery under the direction of Drill Master Hubert R. Hopkins of Denison University. Major Steele met them at the cemetery, and gave the scouts the plan of the grounds, the location of the soldiers' graves, and the disposition of the different sections of the parade on Memorial Day.

A squad of scouts will be detailed to each section to assist in decorating the graves. There will be about six scouts in uniform to take part in thus honoring the members of our departed soldiers.

Saturday morning, all scouts and those in training will assemble at the east steps of the court house at 7 o'clock and march to the cemetery for another drill. They will be in charge of Drill Master Hopkins. Those who are employed on Saturday will be drilled after school service evenings next week. A schedule will be published in Monday papers.

WM. E. HOPKINS,
Scout Commissioner.

COUNTY CONVENTION OF SUNDAY SCHOOLS IS TO BE HELD MAY 25-26

The thirty-seventh annual convention of the Licking County Sunday School association will be held in the Central Church of Christ on Friday and Saturday of next week.

The meetings will be presided over by President D. A. Bricker, and the session will open at 1:30 Friday afternoon. The first session will be given over to reports from the township secretaries and the county secretary's report will be made by Miss Nellie Wygant. Arthur T. Arnold, general secretary of the Ohio Sunday School association will speak on "The Christian's Thought Life."

On Friday night addresses will be made by Prof. H. P. Moninger of the Newark High school faculty and Arthur Arnold of Columbus.

On Saturday morning the program will be arranged in two divisions, improved organization on which Rev. M. R. White of Newark and Arthur Arnold of Columbus will speak, and improved instruction, with addresses by W. E. Weaver of Hebron, Robert Northey of Newark, Miss Philberta Hutzell of Hebron and Miss Martha Lundy of Newark.

Following this Mrs. Phebe Curtis of Columbus will speak on "The Lake Geneva Training School for Sunday School Workers" and Mr. Burr Blackburn of Columbus will talk on "The Older Boys' and Girls' Camp Conference at Lake Geneva."

On Saturday afternoon reports of committees will be made and the election and installation of officers will take place. The speakers for Saturday afternoon will be Miss Nellie Wygant and Rev. Otto Giesen of Granville.

In connection with the Sunday school convention the third annual boys' and girls' congress will be held at the Plymouth Congregational church Saturday. The morning session will be opened with a song service led by C. D. Rankin and Paul Hazlett will deliver the address of welcome.

Mrs. Laura Kirk will speak on the plan and purpose of the congress, and a number of papers will be read by the young people. An address to the boys will be read by Mr. Burr Blackburn of Columbus while Mrs. Phebe Curtis will address the girls. The election of officers will be held in the afternoon, and Rev. Howard T. Bay will give an address.

SELLS-FLOTO HAS NEW FEATURES IN STREET PARADE

With a blare of trumpets and a display of color pleasing to the eye, the Sells-Floto circus paraded the business and residence streets of Newark this morning, and the thousands lined the sidewalks, terraces and filled windows applauded generously all along the line of march.

It was a brilliant turnout, from outriders to the calliope at the tail end. The people of Newark and vicinity never witnessed a finer parade, and if the showing made in the present may be taken as a criterion, it is quite safe to assume that the circus itself is well worth seeing.

Newark has not for many a day looked upon finer specimens of horse flesh, than the some two hundred proud, prancing animals that appeared in the parade. It is the best dressed show that ever came here, the costumes shown in the parade being beautiful to the point of gorgeousness. The floats, animal cages, band wagons and other wheeled vehicles in the two mile procession appeared brand new, resplendent in red, white and gold, the dominating Sells-Floto colors.

The show came here from Columbus, where thousands were turned away at both performances yesterday for lack of space in which to seat all who applied for admission. Cambridge is the next stand.

A matinee performance is being given at the grounds back of the car barns at the end of West Locust street this afternoon. Another will be given tonight, starting at 8 o'clock. The doors will be open at 7 o'clock, allowing patrons time to visit the menagerie and enjoy a band concert before the big show opens. A feature of this season's Sells-Floto attraction is a thirty minute afternoon show, with Bob Fitzsimmons, three times champion pugilist of that world, as the headliner. He will spar three rounds with his son, Bob Jr., who is an aspirant for heavyweight championship honors.

Granville

[Special to The Advocate]

Granville, May 18.—There is no question as to the unqualified success of the opera given by local talent in the Opera House Thursday evening before a fair sized audience, and to be repeated this evening before a packed house. Flotow's "Martha" is bright, picturesque and full of action, the music rhythmic and "catchy," the chorus spirited and the orchestra adequate. The principals have been well chosen for their respective roles, and nothing better has been presented on the local stage. Mrs. Marion Rose Johnson as Lady Harriet Durham, maid of honor to Queen Anne, and masquerading at the country fair as "Martha," has never been heard to greater advantage. Her voice, a full, rich soprano of dramatic quality and unusual volume was under perfect control, and her work was recognized by hearty applause, especially her exquisite rendering of "The Last Rose of Summer."

Mrs. J. T. Harbottle of Newark carried off the role of "Nancy," who accompanies Lady Harriet on her escapades, with charm and distinction. Her voice is a pleasing contralto, of pure and flexible quality, and her personality most attractive.

R. W. Soule possesses a tenor voice of the real lyric quality, and the "art" that conceals art in his manner of using it. As "Lionel," adopted brother of the farmer "Plunkett," in reality the lost son of the Earl of Derby, he made a great hit with last night's audience. He threw himself into his part with great ardor and the familiar old love songs found a new and distinct charm as interpreted by him. Gerald Athey sustained the difficult role of the elderly suitor, Sir Tristram Mickleford, with consistent excellence that brought forth frequent applause. While the part furnishes but slight scope for Mr. Athey's great ability as a singer, his work is an important factor in the success achieved.

W. L. Livingston with his splendid bass voice and impressive personality was at his best and was a most convincing "Plunkett." The "Spinning Song," staged in the kitchen of his house is worthy of an encore, being the best ensemble work of the performance. P. B. Cheadle as a servant, and the Sheriff of Richmond made his announcements in a full bass voice and with the distinct notice necessary.

The grand success of Mr. Eschman's directing merits the praise he is receiving, for a great work. R. W. Soule as musical director and E. P. Johnson as dramatic coach have covered themselves with glory.

Dr. J. S. Cowell is confined to his home with a severe cold which for a time threatened pneumonia.

Miss M. E. Penney is in Newark where she will spend a few days at the home of Mrs. A. H. Heisey.

Dr. F. C. Haggard of Boston has been visiting his son, who is a student in Denison.

The new "Commons Club" has issued invitations for its first dinner party at the club house in North Mulberry street, this evening.

Mrs. Clara Brumback, lady principal of Shepley college, expects to spend the week-end in Cleveland, attending the Baptist convention.

ANNOUNCEMENT.

The opening of a new store in Newark for the construction and equipping your house to make it comfortable and cozy during the long hot sultry months ahead is announced. While the store is a new one the men engaged and backing are old in the experience of Electrical Construction. The time for doing this work is now opportune and we advise that you see them at once before the hot days come, so you will be prepared to combat these hot days. The Electric Construction Co. P. R. Snyder, manager, are ready to serve you, at 43 South Second street.

My Bath-Room

It's always cheery, bright, fresh, and clean, because I have Neponset on the floor. The dull, depressing sight of bare floors in bath-room, kitchen, pantry, halls, nursery and closets casts a gloom over the whole house. It costs little and works wonders to use

NEPONSET Floor Covering

Pleasant floors and pleasant faces—both are essential to a cheery, inviting home. Neponset is absolutely water proof. Sanitary, easily washed, odorless and enduring. Resilient to the step and makes housework easier. Lies flat without tacking. Made in special patterns for every room. Scores of artistic designs to choose from. Why not come and examine them before you forget?

NO MORE DIZZY SPELLS FOR HER

Fainting Feeling Left Her After She Took Tanlac.

HER WORK IS EASIER NOW

"My general health is much improved lately, and I want my friends to know that it is due to Tanlac," said Mrs. Sarah Pearce, 830 Pierce street, Lancaster.

"My Monday's washing is no longer a dread because I feel so much stronger than I used to. Before I took Tanlac I was very nervous and could not sleep well. I got up tired and had that worn out feeling all day."

"My stomach bothered me, too. Gas would form and make me belch and bloated. I was bothered with weak spells, and sometimes my muscles would seem to relax and I would feel faint. If I stooped over and raised up quickly I would see specks floating before my eyes."

"Friends advised me to get Tanlac, and I am glad I did, for I feel a lot better. I can now eat a hearty meal without being sick afterwards. I sleep soundly and get up feeling refreshed and ready for my housework. I am glad to recommend Tanlac for anyone who is run down like I was."

Tanlac is a purely vegetable tonic made of roots, barks and herbs, and is especially designed to build up run-down people. If you are in need of a tonic get it today. It will do for you what it has done for thousands of others.

Tanlac may be obtained in Newark at W. A. Erman's drug store and in the following nearby towns: Alexandria, C. M. Gilmore; Pataskala, J. R. Strine; Granville, W. P. Ullman; Hebron, Hebron Drug Co.

Call Your Painter

Newark, Ohio, under the Act of March
4, 1879.

ESTABLISHED IN 1820.

DEVELOPING MUSCLE.

The paragraphs and comic
papers are having lots of fun with
the amateur gardeners. According
to their point of view, the novice
agribusiness spends most of his time
evenings rubbing mica on his lame
muscles, while he can be distinguished
on the street by his lame walk.

In so far as the backyard farmers
are suffering from their unaccus-
tomed labors, their inconvenience is use-
ful in that it reveals muscles that
were lying dormant. It is surpris-
ing how any new kind of exercise
will uncover faults in one's physical
development. A man may be an ex-
cellent walker, capable of tramping
many miles and may be proficient
at some form of athletic sport like
tennis or golf. Yet when he wields
the hoe he finds that many of his
muscles were getting no exercise,
and that games had only helped him
in a one-sided way.

A man may go along year after
year doing sedentary work and think
that he is in good health. Then all
at once he collapses, and the doc-
tor tells him he must have more ex-
ercise and outdoor life. He buys an
expensive automobile or purchases a
health exerciser or joins a physical
culture class. But if his muscles have
been suffering from lack of exercise,
they cannot be put back where they
were.

Wherefore let the gardener re-
joice, even though for a few days
he may need to use a bit of witch
hazel on his creaking limbs. It
simply means that they are re-
awakening out of sleep into life, and
if he will keep at it he will be get-
ting a physical development for
which other means are paying good
money. The gardener gets some-
thing other than the choice of vege-
tables which he stores away in his
basement.

WEEDS.

The man who is going to run a
garden this summer needs to make
up his mind very resolutely on the
weed question. He will find that it
will take all his philosophy and phys-
ical energy.

It is simply astonishing how fast a weed
will grow. He may leave his garden
looking as neat as apple pie. After
returning from a week's vacation, he
finds that the weeds have completely
overtopped his struggling vegetables.
The persistence of a weed root is
amazing. Yet may cut off practi-
cally the whole thing with your hoe.
Then if some little piece of the tap
root is left in the soil, up it comes
smiling in a day or two, nodding its
saucy head at you as it climbs up to
its former position. It seems to
thrive on decapitation.

Or, you may pull your weed up by
the roots and carelessly leave it lying
on the surface. All at once it sticks
its wicked little feet into the ground
and in another day or two it has re-
established itself. That kind of
treatment would destroy the most
able-bodied bean or potato. But
weeds have a peculiar vitality of
their own. If they flourish it is
goodbye to any hope of vegetables.

EATING CORN.

The report of condition of the winter
wheat crop is depressing and
there is sure to be shortage, even
if the spring wheat returns are good.
But no disaster is necessary. Every
acre can still be replanted to corn.
In the end it may be an economic
benefit, in spreading the corn-using
habit more widely.

For some unexplained reasons the
peoples of Europe have always had
a prejudice against corn. While less
than half of the world's wheat is
produced in the United States, our

country grows practically all the
corn. Yet the experiment stations
thrive better than those fed on any
one grain. It has all the elements
of nutriment.

In the old days fine white wheat
flour was considered the only daily
luxury worthy of a gentleman's
table. Of late years the preference
for whole wheat bread has been
growing. It does not look quite so
pleasing to the eye as fine wheat
bread. But it is valued for superior
nutrition and a richer taste of the
grain.

Many bakers find that they are
constantly underestimating the de-
mand for the whole wheat product.
All they make seems to go as by
magic, while the white bread is taken
as a second choice. Similarly corn
looks to the eye like a coarser food.
But people will learn to like it just
as they learn to like the whole wheat
flour that is now so popular.

The south has always known its
virtues, with cornbread and
made in the most luscious forms.
Hasty pudding was the cherished
dish in a great many old-time fam-
ilies. A big corn crop this year will
feed the hogs, will make poultry-
raising practical, and will be a long
sweep toward winning the war.

Eleven Ohio congressmen who
voted on Wednesday in favor of re-
jecting the agreement reached by
the senate and house conferees on
the selection draft measure, helped
paralyze the war department in its
efforts to raise immediately a great
army. William A. Ashbrook was
not one of the eleven. Mr. Ash-
brook's vote was recorded in favor
of immediate settlement of the long
drawn out controversy and his ac-
tion meets the approval of his Sev-
enteenth district constituents.

All a school teacher has to do now
is to hear a class of forty-five pupils
recite in half a dozen studies,
straighten out the individual diffi-
culties that each one of the forty-
five finds, interest them all in civ-
ics, bird-life, kindness to animals,
patriotism, the life of Abraham Lin-
coln and George Washington, keep
them informed on current events and
supervise the home gardens of all
of them.

Our own Secretary of State W. D.
Fulton has decided that next year's
automobile tags will be red, white
and blue—background white, num-
erals blue and the Ohio flag in color
in the upper left hand corner. That
was a happy thought.

When those stealthy figures come
creeping around grain elevators and
railroad bridges, the guards should
proceed to give them evident proof
that the night air is very unhealth-
ful.

The Russian army cannot fire at
the enemy now until the order has
been thoroughly debated. And every
soldier has mailed his speech home
to his constituents.

Some of the farmers don't like
foreigners for help because they
don't know enough, and they don't
like college students, because they
know too much.

Some of our stretches of highway
are not chute-the-chute, constructed
to give people a thorough shaking
up, but merely roads frequented by
automobile visitors.

The trouble with most places is
that the business men want to do
their competitors before they take
hold together to make the town
grow.

Food Dictator Hoover can be sure
that if he can work any left-handed
game to do the food speculators,
there'll be nobody looking.

Owing to the kindly co-operation
of the Germans in dropping more
bombs over London, British recruit-
ing will now take a jump.

If they are sufficiently urged to
increase (crops) the farmers may pa-
triotically decide to go in and make a
fortune for themselves.

According to the protests being
showered on congress, everyone has
got to pay about four times his pro-
portion of the war taxes.

Aunt Collins

half set up an' put his hand into his
pocket. As he done so a look of
offile horror spread over his face an'
someone said, kind-like, "What is it
that hurts you, my man?" An' Will
sunk back feeble-like an' says he,
"My heaven! I've lost fifty cents! I
had it in my pocket," he says.

Girls, Do Your Bit.
Of course it is none of our busi-
ness, but any smart girl could re-
duce the cost of shoes and stockings
by doing her own knitting.—Dallas
News.

And we suppose an extra smart
girl could make knitted shoes look
stylish, but our bet would be that

SHERMAN DIDN'T SAY IT.

Everyday one hears the defini-
tion of war that is attributed to
General Sherman but now along
comes a Pittsburgh man, Erring
Brother by name, and declares that
Sherman never said it.

"There is no record that Sherman
said 'War is hell,'" said Mr. Brother
to the Pittsburgh Gazette-times.
"He ordered the non-combatant pop-
ulation to leave Atlanta. The mayor
protested that the order was cruel.
Gen. Sherman said, 'War is cruelty
and you cannot refine it. You
might as well appeal against thun-
derstorms as against these terrible
hardships of war.' This is the only
case where anything like this was
said by Sherman. War is hell' no
doubt, but Sherman did not say so.
'Napoleon is quoted as saying
that 'God is on the side of the
heaviest battalions.' This is also
incorrect. What he did say was
that 'Providence is always on the
side of the last reserve.'"

As a matter of fact statements
that never were made are attributed
to many people. After we hear
things that we are said to have re-
marked that are wide of the mark
and everybody has had a similar ex-
perience. It's like a story that one
hears and then repeats. After it has
passed around among a dozen peo-
ple the one who originated the tale
wouldn't recognize it. Each time it
is related a part is left off and a
new section added, all of which goes
to show that one can't always be-
lieve everything he hears.

WHY MEN ARE REJECTED.

(St. Louis Republican.)
Now that the United States has set
out to raise a large army, which, in
order to be effective, must be phys-
ically and mentally fit, there is much
interest in the question of qualifica-
tions for service.

Fortunately, in the records of the
128,517 national guardsmen called
to the Mexican border last summer
we have a very good criterion by
which to judge the standards of our
young men. Surprising as it may
seem, the conclusions from a close
study of these records are by no
means flattering to our national
pride or conducive to mental satis-
faction.

Of the 128,517 enlisted men in
the national guard, all of whom had
undergone physical examination be-
fore being accepted for their various
units, a re-examination by the regu-
lar army doctors resulted in sending
home 23,721, or 18 per cent of them.

It must be remembered that these
men were volunteers. Induced to
join the militia, presumably, by their
love of adventure and outdoor life.
The causes for which 18 per cent
of them were rejected ranged from
poor physique, to which 31 per cent
of the rejections were due, to defec-
tive hearing, which caused 2 per cent
to be turned back. Defective vision
and weak heart or lungs, each dis-
qualified 13 per cent, defective feet
8 per cent, hernia 7 per cent, ver-
tebral disease and defective teeth each
5 per cent, amputations and deforma-
ties 4 per cent and miscellaneous
causes 12 per cent.

A circular from one of the big
life insurance companies, comment-
ing upon these figures, says the cor-
respond in general with the records
of physical examinations of a large
number of average men working in
mercantile houses, factories and in-
dustrial plants.

In other words, there is a tenden-
cy toward the increase in poor phys-
ique and low power generally
among our men, which must have
serious effects unless it is checked.

It is the custom among Americans
to take pride in our supposed phys-
ical superiority to the European
races. This was a fact at one time,
when nearly all our men had to
spend a portion of their early life
in outdoor work. Of recent years, it
is said, we have lost this superiority
in the average height, weight and
enduring qualities of our men. The
European nations, especially
Germany and Switzerland, where
universal military training is re-
quired, have increased their aver-
ages.

Unless the United States is to be-

pleasure is oft a visitant; but pain
"Chinks" cruelly to us, like the growling
wolf
on the deer's tender haunches; late and
both,
This scared away by slow-returning
pleasure.
—Keats.

On Battle Front.
THIS, according to Ian Hay, is the
song that T. Atkins sings as he
starts on a charge:

"We beat you on the Marne,
We beat you on the Aisne,
We gave you hell at Neuve Chapelle,
And here we are again!"
—B. T. L. in Chicago Tribune.

And our boys as they go to help
might sing:
We come with fearless tread,
Under flags white, blue and red,
To give you glory, and then some more
Of what our Sherman said

Must Have Been Bluggy Riot.
After the sale, the president and
vice president declared that the re-
sult has exceeded their most sangui-
nary expectations.—St. Louis Globe-
Democrat.

Mercy.
She went to Church with Billy Burr,
And stood before the altar;
And when he got too fresh with her,
She handed him the Psalter.
—Luke McLuke.

When Bill had married her, my land!
And for awhile had kept her,
He found that she could also hand
Him quite a bit of pepper.

Did You Know
That the highest point in Ohio is
near Bellefontaine, Logan County,
where the altitude is 1,550 feet?
The highest point in the United
States is Mount Whitney, California,
which is 14,501 feet above sea level.
Mt. Elbert in Colorado is 14,402
feet high, and Mt. Rainier, Wash-
ington, reaches an altitude of 14,-
408 feet. The highest point in
Florida is Iron Mountain, Polk
County, which is 325 feet in height.
The greatest altitude in Louisiana is
400 feet; in the District of Colum-
bia, 420 feet, and in Delaware, 440
feet.

come a low-powered nation, we must
take steps to raise the physical aver-
age of our men and to maintain it at
par.

Spirit of the Press

"Teddy" for Ours.
Which do you choose as your lead-
er—Joseph Leiter, who in three
months made \$3,000,000 in wheat
speculation, or Theodore Roosevelt,
who is eager to go abroad and fight
for world justice and peace?—Colum-
bia Dispatch.

Buy a Bond.
Bump Berlin Bill Buy a bond.—
New York World.

Trifling Matter.
Because a teacher wore a red
slipper on her sore foot, some people
up at Warren want her fired. That's
our idea of nothing to get excited
about.—Columbus Citizen.

Advocate Ad Will Get One.
A Chicago woman offers a house-
maid \$20 a week, board and room
with private bath but cannot find
one. The volunteer system of do-
mestic service seems to have broken
down, too.—Pittsburgh Gazette-
Times.

War and Business.
War has killed business in Ger-
many, it hasn't helped it in Italy or
Russia, and France has gone
through nearly three years of sacri-
fice. But in those English-speak-
ing countries where the trade goes
hand in hand with the flag war has
actually helped business. England
herself is doing an enormous trade
with all the non-belligerent world
and is actually financing her enor-
mous war expenses from the extra
war profits she is exacting from the
great profits that have come to her
business houses since the confragra-
tion broke out. Canada reports un-
precedented conditions of material
prosperity even with 500,000 of the
best of her 3,000,000 or 10,000,000
people under arms. South Africa,
Australia and New Zealand, despite
their sacrifices in human material,
find money plentiful and general
trade thriving in a condition of rap-
id and generous profits.—Macon
Telegraph.

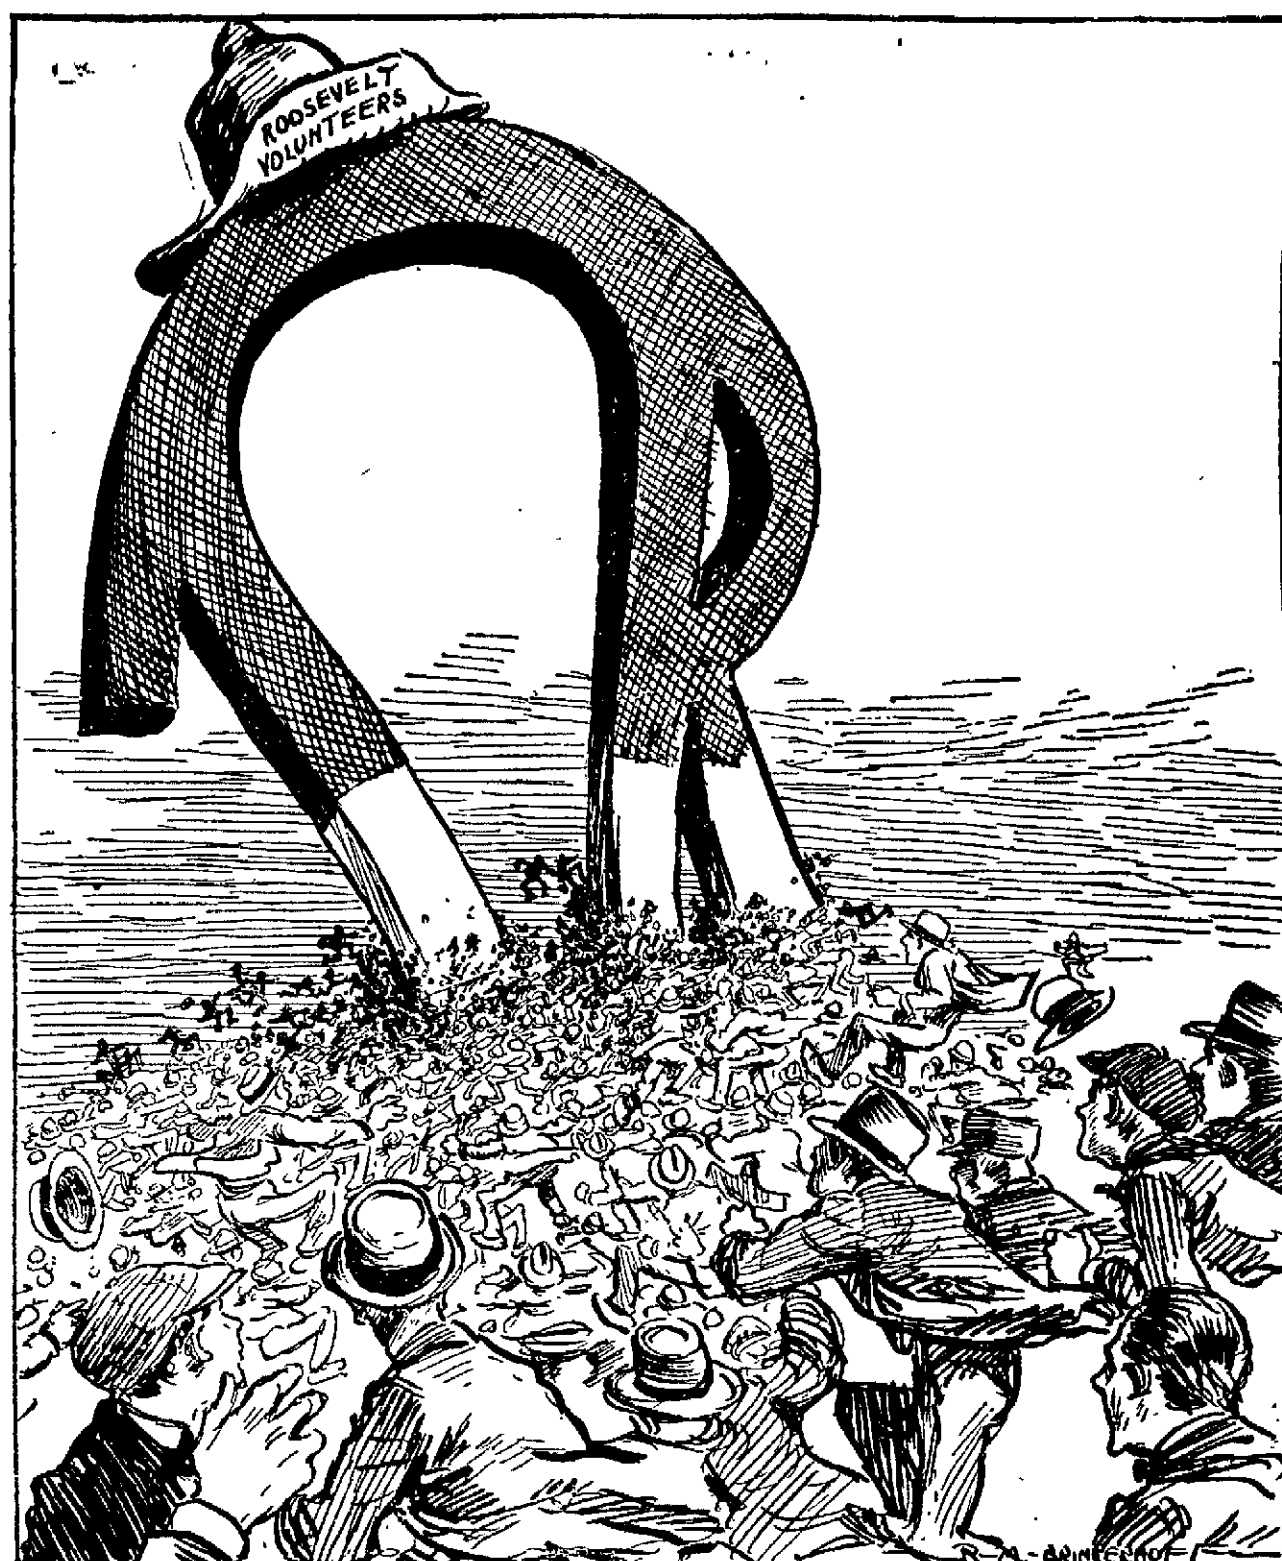

Sharing the Cost.
Under the terms of an agreement
entered into at Washington on Wed-
nesday, "baby" bonds, of the denom-
ination of \$50, are to be issued by
the government, so that even the
smallest investors may participate
in the great war loan. Now, this great
war-loan transaction is not altogether
commercial. There is, and it is
quite proper that there should be,
a large measure of sentiment in it.
—Christian Science Monitor.

Three Ways to Help.
Any American can help his coun-
try now in numberless little ways,
but the best ways to help, in the
light of the present, are three:
Raise something to eat.
Prepare to buy some of the war
loan.
Prepare for military service.

Every man, woman and child can
do at least one of these things.
Many can do more than one. Every-
body who can do any of them with
out dislocating his normal occupa-
tions should begin right away.
—New York Sun.

French Commander.
Jeffre was relieved of his com-
mand, it is supposed, because it was
felt that the time for defensive war
had passed and that for aggressive
war some other commander was bet-
ter acquainted. His successor, Ni-
ville, is aggressive, but the results
he attained have not been decisive.
The command has now passed to
Petain, who achieved distinction in
the defense of Verdun. This at least
suggests that the aggressive is to be
abandoned and the defensive resum-
ed. Under a French resource, under
this commander it would seem to be
regrettable that it is said to be
absolutely independent of the politi-
cians, which Nivelle was not, and the
change may be justified by results.
—Philadelphia Record.

THE MAGNET

SIMPLE EXERCISES IN YOUR ROOM
THAT BRING SPLENDID RESULTS

Dr. Charles E. Barker, who was
President Taft's physical director for
years, and who is now on the Chau-
taqua lecture platform, visited
Newark recently and spoke before
the Rotary club on the importance of
the proper care of one's body. Dr.
Barker suggested a number of sim-
ple exercises which are being prac-
ticed daily by a number of Newark
business men with splendid results.
A short time ago the Advocate pub-
lished a chart giving illustrations
and instructions how to take exer-
cise in the home without apparatus
of any kind, many of the sugges-
tions being identical with those made
by Dr. Barker.

This newspaper is just in receipt
of a letter from Mr. Parker R. Ty-
ler, 103 Park avenue, New York,
who declares that he has made a
"new man" of himself by systematic
simple exercise taken in his room
daily.

Mr. Tyler says that he reaches
his desk at 8 every morning, goes
across the street at noon for a hur-
ried lunch, works till six and goes
home hungry but never tired. He
takes no "exercise" as it is gener-
ally understood yet his muscles are
hard and he is in perfect health. He
has forgotten what indigestion and
headache are like. A few years ago
he was "all in" and was rejected by
the life insurance companies.

The change in Mr. Tyler's condi-
tion was brought about solely by a
few minutes daily attention to his
body in his bedroom. Mr. Tyler
uses no Indian clubs or punching
bags, but takes simple respiratory
stretching, relaxing and contracting
exercises twice daily from 5 to 10
times each in the morning and 15
to 20 times each night before retir-
ing. He suggests the following exer-
cises:

No. 1. First Position—Stand be-
fore an open window feet 18 inches
apart, hands clasped on abdomen;
inhale slowly and with a gentle pres-
sure of the hands, gently draw in
abdomen; exhale slowly through the
mouth and let abdomen fall back to
again first position, at the same
time relax the pressure of the
hands; bend head forward while ex-
haling; inhaling and exhaling con-
stitutes one "count."

No. 2. First Position—Stand
erect, feet 18 inches apart, arms out
horizontal with shoulders; clench
fists and make arms and shoulders
rigid and bring arms down and
back as far as possible; open hands
and relax muscles and return to first
position. This constitutes one
"count." Exhale on downward mo-
tion and inhale as arms are brought
back.

No. 3. First Position—Stand
erect, heels together, hands clasped
behind the head; inhale slowly, bend
left knee and raise left toward chest,
as far as you can keeping toes pointed
downward. Exhale slowly and go
back to position 1; exercise right
leg same way; when knee is raised
toward chest and returned to first
position, this is one "count."

toward chest, and exhale as legs re-
turn to first position; bending and
straightening them constitutes one
"count."

No. 6. First Position—Lie flat
on back on floor, heels together,
arms out to side parallel with shoul-
ders; first movement, inhale slowly
and deeply, and keeping arms
straight, raise same straight up ov-
er chest until hands meet; second
movement, exhale slowly and return
arms to first position; first and sec-
ond movement, combined consti-
tutes one "count."

No. 7. First Position—Stand
erect, feet 18 inches apart, arms at
side of body; first movement, make
abdomen rigid, clench left fist and
bend body to right side, bringing
left fist up under left shoulder. Do
not make arms rigid in this move-
ment. Second movement, drop left
fist to left side and bring right fist
up under right shoulder and bend
body to left side, keeping abdomen
rigid. Do not make arms rigid in
this movement. Bending body to
left and to right sides constitute
one "count." Breathe naturally in
this exercise.

No. 8. First Position—Hands
above the head, feet about 18 inches
apart, toes turned out; first move-
ment, exhale slowly and bend for-
ward as far as you can comfortably
do so, hands stretched toward floor.
Do not try to touch the floor; sec-
ond movement, inhale slowly and
push abdomen out rigid as though
you were trying to burst a belt, and
come back to first position; each
time you bend forward and return
to first position is one "count."
make abdomen rigid on upward mo-
tion only. Keep body relaxed on
forward motion.

No. 9. First position—Stand
erect, feet 18 inches apart, arms out
horizontal with shoulders; first
movement, clench fists, make arms
and shoulders rigid and bring fists
over to shoulders; while in this po-
sition relax muscles for a second;
keeping arms straight, clench fists, make
arms and shoulders rigid and return
to first position; relax muscles for a
second; inhale and exhale naturally
in this exercise; bringing fists to
shoulders and back constitutes one
"count."

No. 10. First Position—Stand
erect, hands at side of body; first
movement, keeping arms straight
and inhaling slowly, raise arms out
to side of body and above head until
hands meet; second movement,
keeping arms straight and exhaling
slowly, return arms to first position;
first and second movements com-
bined constitute one "count."

These exercises should be done
three times each upon arising and
five to ten times each before retir-
ing.

The exercises will stretch the
thorax, expanding the lungs, massage
the abdominal muscles, also making
the heart more vigorous, keeping the
arteries elastic preventing the very
prevalent disease in this age of ar-
teriosclerosis, at the same time not
overexerting or straining anyone's
physical condition.

The average man or woman uses
about two-thirds of his or her lung
capacity, there are few exceptions
to this rule, the other third becomes
useless as the years go by and in
time unusable. The individual who
keeps all of his or her physical
forces active and constantly at work
learns to breathe so as to make every
cell in the lungs take up oxygen and
supply red blood corpuscles to every
bit of living tissue in one's body.

takes place and congestion is set up
over the entire body.

These ten exercises will teach one
the control of the abdominal muscles
and increase the efficiency of these
muscles and internal organs to a
marked degree. Every individual
who will follow for a few weeks
these few exercises will have a better
co-ordination of mind and body than
they have ever experienced. These
exercises will bring into play the
strongest and largest groups of
muscles in the body, namely, the
flexors and extensors of the thigh,
the muscles of the back, abdomen
and shoulders. It is by the constant
use of these that benefits of the
vital organs are brought about.
By practicing these exercises regu-
larly and conscientiously one will be
enabled to perform better work
mentally as well as physically and
one will not only add years to his
or her life, but added enjoyment to
these years will result by having a
sound mind and body and a reserve
of energy and vitality that one may
call upon in time of need, that will
successfully combat the constant in-
creasing disease known to mankind.

JAR OF TEAMS PASSING HOUSE MADE WOMAN CRY FROM PAIN OF RHEUMATISM

Unable to Walk Because of Pain—Gives Credit to Var-ne-sis for Recovery

Back to health after five years of suffering day and night from rheumatism of the joints is the experience of Mrs. L. Northrop of 43 Hildreth St., Lowell, Mass. Mrs. Northrop said:

had to use both hands to lift a tea pot.

"The disease continued to grow worse in spite of treatment until I was unable to walk and was com-

pelled to stay in bed. I was in bed for nine months, helpless as a child, unable to move. Every joint ached continuously, and the teams going by the house made me cry from the pain. At times I did not know my own daughter, who waited on me. My head and the muscles of my neck were very sore, so that I was unable to lie on my back. Only one who has gone through this torture knows how I suffered.

"Var-ne-sis was recommended to me by an insurance agent. I had little confidence that Var-ne-sis would help me after trying about everything suggested, but decided to give it a trial. Var-ne-sis helped my stomach the first week. In three months I could see I was improving, and gradually I was able to go about my own work, and to see how one would never believe I suffered from this terrible disease, rheumatism.

"I cannot say enough for Var-ne-sis. I would be glad to answer all questions about my case, as I want to help others find relief."

Send to W. A. Varney, Lynn, Mass., for the booklet, "A Word to Skeptics." It's free.

Get Var-ne-sis. Now, today, at R. W. Smith, druggist and any reliable druggists.—Advertisement.

Meek—Norpell.

The spirit of romance which so pervades a wedding was enhanced at the marriage of Miss Louise Norpell to Mr. Paul Deady Meeks of Columbus, which was solemnized on Thursday evening, when an announcement was made of the engagement of Miss Lucille Bradley, to Mr. Sheldon Shepard. Miss Bradley and Mr. Shepard were the only attendants of the bride couple.

The wedding took place at 8 o'clock at the Norpell home in the Granville Road, which was made a bower of floral beauty when orchids, killarney roses and lavender lilies carried out most effectively the color effect of pink and lavender. The marriage service was read by Dr. L. C. Sparks pastor of the First M. E. church, the ceremony taking place in the living room where the large fire place had been screened with a bank of foliage and clusters of lavender lilies and orchids, and numerous candles afforded the only light during the service. As the orchestra played the first measures of the wedding march Miss Bertha Latimer, wearing a gown of pink tulle and Miss Mary Sherwood Wright, gowned in white net, came down the stairway carrying tall white staffs to which were caught baskets of the chosen flowers and loops of the wide satin ribbons which formed the aisle for the bride party. The bride's only attendant was her cousin, Miss Lucille Bradley of Duluth, Minn. Miss Bradley wore a frock of orchid tulle with an under drape of pink satin. The gown was fashioned with the short full skirt, with panels of the satin and tulle. She carried a loose bouquet of Killarney roses and lavender lilies.

The bridegroom was of white satin and tulle, with the full short skirt and the long court train of white satin, caught at the shoulders. Tiny sprigs of orange blossoms were caught to the train and the full length tulle veil was fashioned with the fan-shaped loops of tulle and the forehead band. The bride bouquet was of orchids and swainsonia, the shower ends of the ribbon being knotted with valley lilies. The bridesmaid's attendant was Mr. Sheldon Shepard.

Following the ceremony a wedding dinner was served the bride table being especially attractive with the low mound of Killarney roses and greenery, surrounded by crystal holders bearing pink candles, and looped together with strands of lavender tulle. The dinner favors carried out the same color effect.

Mr. and Mrs. Meek left for a wedding trip, going to New York last night and on their return the bridegroom who is Lieutenant in the Ohio Signal Corps, O. N. G. will go into camp at Camp Perry, and his bride will accompany him to Lakeside. Mrs. Meek is the daughter of Mr. and Mrs. Carl Norpell, of the Granville road and Mr. Meek just returned a short time ago from the border where he was adjutant of the Eleventh division of the Signal Corps.

A number of out of town guests were in attendance at the wedding.

Sheets—Smith.

The marriage of Mrs. Martha Smith and Mr. Sullivan Sheets, both of Utica, took place at the parsonage of the First M. E. church Thursday evening at 6 o'clock. Rev. L. C. Sparks read the marriage service. Mr. and Mrs. Sheets will reside in Utica.

Mrs. Clarence Helsey will entertain the members of the Thursday afternoon Sewing club tomorrow at her home in the Granville road.

An interesting incident at the Meek-Norpell nuptials on Thursday evening at the Norpell home was the announcement of the engagement of Miss Lucille Bradley, of Duluth, Minn., a niece of Mrs. Carl Norpell, and Mr. Sheldon Shepard.

Miss Bradley and Mr. Shepard were the only attendants of the bride and bridegroom, and Miss Bradley has been a house guest at the Norpell home for several weeks. She is the daughter of Mr. and Mrs. E. L. Bradley of Duluth. For two years she was a student at Vassar, and has been a guest at the Norpell home here on numerous occasions.

Mr. Shepard's home is in Ilion, N. Y., but upon being graduated from Ohio State University, located in Newark as a civil engineer. He is a member of the Phi Gamma Delta fraternity. No date has been announced for the wedding.

Miss Sophie Siegle entertained with an informal dancing party Tuesday evening at her home in South Second street.

During the evening punch and light refreshments were served to the following: Misses Mabel Davis, Mary Teuscher, Elizabeth Factor, Mary Davis Ella Siegle. Messrs. Ralph Meyers, George Rohan, Rudy Schenck, Albert Black, George Maier and Harry Factor.

The out of town guests were: Mrs. L. T. Johnson of Zanesville, Dorothy Harley, Harriett McAlpin, "Bud" Drake and Robert Cheney of Columbus.

Mrs. S. P. Kline entertained the members of the Harmonious Embroidery club on the club day at her home in Kibler avenue. After the business meeting a contest was held in which Mrs. M. E. Davis received the prize. The hostess served a course dinner to the members and one guest.

The members of the Phi Sigma Chi fraternity entertained with a dancing party at the Buckeye Lake Yacht Club on Thursday evening. About thirty couples were present and punch and wafers were served during the evening.

Wolf—Nutter.

On Thursday evening at 7:30 o'clock, Rev. Grover L. Diehl, pastor of the Plymouth Congregational church solemnized the marriage of Miss Blanche Nutter and Mr. Oliver Wolf. The ceremony took place at the parsonage of the church, and

Spring Is Here

CLUB WOMEN

Club women of Ohio, Mrs. Geo. L. Zimmerman, state president, asks you to sign the following pledge, and mail at once to Mrs. Charles L. Halter, Fremont, O., Corresponding Secretary Ohio Federation of Women's Clubs:

In view of the pressing military necessity of conserving the food supply of the Nation, I hereby pledge myself to do my bit as follows:

"I will use only those amounts of food required for adequate nourishment. I will endeavor to control the waste in all kinds of materials in the household and to live simply. I will begin now."

Name

Address

Milady's Boudoir

Peaceful Beauty of Middle Age.

As long as the middle-aged woman feels young she will seem young and she will feel young only as long as she can live in the present and future and not in the past. In dress she must not repeat the mistake of former days and compete for the adornment triumphs in which the young have the advantage.

Friendship, intellectual and social triumphs, useful work and absorbing hobbies are the opportunities before the middle aged woman. She should determine to be self sufficient, for the nearer she approaches a serene independence of the favors of others the happier she will be and the pleasanter companion she will make.

She should be ready to give but not too eager to receive, since no tragedy is sadder than that of the mother whose desire for the children who have gone away, cuts like a sword into her soul, or of the single woman because love has passed her by.

The woman of old times who lived by her affections often suffered cruelly, but what broke her heart generally causes the modern woman to harden hers, as she is beginning to have interests of her own, which do not wholly forsake her even in circumstances of distressing loneliness and disappointment. She finds so much to do and to see, for there has never been an era like the present one, so rich in opportunities for useful work, for traveling, for culture with a thousand doors open to women with brains.

Our Boys and Girls

Whenever it becomes necessary to attend a funeral or ill beside of a friend or relative, it is best always to leave the children at home. The solemnity of the occasion sometimes leaves the child in a depressed frame of mind, a thing that should never be encouraged.

Every child should be kept from a knowledge of the graver side of life until he is old enough to understand. His little mind cannot always grasp the situation in the right way, and unconsciously he is made morbid over the event. It never adds to the occasion to take the children along so if one can possibly leave them at home in the care of a friend or neighbor it is much better to do so.

HONDURAS SEVERS RELATIONS.

(Associated Press Telegram) Washington, May 18.—Honduras has severed diplomatic relations with Germany following the lead of Guatemala.

Expansion Sale

We have outgrown our location at 32 S. THIRD ST., and owing to the enormous volume of business done there, we are finally compelled to annex the adjoining property and build one large store out of the two buildings. It would be costly for us to remove this stock to some other store, for the time, labor and breakage would constitute a big loss. We have, therefore, decided to sell the entire stock at one of the most sensational reductions ever offered for the grade of goods we carry. **EVERY ARTICLE MUST BE SOLD**, for we will not move one item. This sale begins at once and continues every day until the last article is sold. Remember, the goods you buy at this sale must be delivered or taken the same day as bought, for we must have the store vacant very shortly so that the builders can begin work. Come early, for at the prices we are going to offer, it will not take long to sell the entire stock.

The Star Cut-Rate Grocery
32 South Third Street.

Every Day Etiquette

"Will you tell me if it is proper for a young man to take a girl to the theatre in a street car?" asked Frank. "It is quite proper. The men who are able to take their friends to the theatre in a private conveyance are in the minority," said his mother.

AM. ASSO. PRESIDENT IS PROPOSING TWO FLAG RACES

Chicago, May 18.—President Thomas J. Hickey, of the American Association today began the work of arranging the season's schedule, after his announcement last night, calling off the Inter-League series with the International League.

In place of the series between the two big minors, the American Association is now working on a double schedule, according to Hickey, and if the majority of the club owners agree, the organization will have two schedules of 77 games each. The winners in each race will meet at the end of the season, which will come September 18 and play for the championship of the league, the series of seven games.

FRECKLES

Now is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as the prescription ointment—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of ointment—double strength—from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that an ointment is needed to completely clear complexion.

Be sure to ask for double strength ointment as this is sold under guarantee of money back if it fails to remove freckles.

Read the West Column tonight.

K. OF P. MEMORIAL JUNE 3; PROGRAM IS INTERESTING

The Pythian Memorial service to be held on Sunday, June 3, will be somewhat different from that of the past in that the program will be rendered in the large Pythian hall, which will be so seated that all who desire to attend can be accommodated. The program in the castle will begin at 3 o'clock, and will be preceded by the decoration of the graves at Cedar Hill cemetery by the members of the order, who will assemble at the Castle Hall so as to leave promptly at 1 p. m. for the cemetery in order that they may get back in time for the program at the castle.

The speaker of the day will be Hon. Walter B. Ritchie of Lima, past supreme chancellor, and the author of the ritual now in use, whose subject will be "Home." Mr. Ritchie is considered one of the best speakers and most gifted orators in Pythian circles.

Grand marshal, Chas. L.H. Long; assistant, T. A. Place.

Automobiles containing speakers and committees and aged members will lead the procession.

Drum Corps.
Uniform Rank, K. of P.
Buckeye Band.
Knights.

The line of march will be as follows: Form on East Main street facing west; march around the square to East Main street; east to Cedar street, north to cemetery, where the graves will be decorated by the Uniform Rank and the members of the subordinate bodies.

After the ceremony of decoration the Knights will return to the castle, where the following program will be rendered at 3 o'clock:

Invocation—Rev. L. C. Emerick.
Music—Masonic Chorus Club.
Reading—Isadore Rothstein.
Eulogy—Hon. J. W. Horner.
Memorial Address—Hon. Walter B. Ritchie, past supreme chancellor.

"America"—Masonic Chorus Club.
Benediction—Rev. L. C. Emerick.

All members are urged to secure flowers and have them at the castle not later than 10 o'clock Sunday morning.

SENATORS FAVOR CONTROL OF FOODS; LAWS IN PROSPECT

The Chamber of Commerce has received letters from United States Senators Pomerene and Harding relative to the resolution adopted by the local body urging legislation to regulate food prices, supplies, etc., through a federal food commission.

Says Senator Pomerene: "There is a good deal of sentiment in favor of the appointment of a federal food commission and this morning's dispatches say that if such an office is created, Mr. Herbert C. Hoover, who came to Washington recently and who had charge of the Belgian relief work, has been favorably mentioned as the man for the place. It is impossible to tell just what will be done but I am sure it will be something worth while, and that whatever it is, it will not be much longer delayed."

"We need action upon this subject—drastic action, I believe—and we need it now."

Says Senator Harding: "I am very glad to have this expression from the Chamber of Commerce and the citizens of Newark and I think I can assure you that Congress will provide some effective legislation when the Administration Agricultural Bill is taken up, which will prevent illegitimate practices in food manipulation."

Congressman Ashbrook, who has been writing on the same subject, has expressed himself in favor of similar legislation.

SECRETARY BAKER IS BOOSTER FOR Y. M. C. A.

Newton D. Baker, secretary of war, has the following to say of the Army Y. M. C. A. work:

"From every observer I heard commendation of the most enthusiastic sort for the work which the Y. M. C. A. is doing there, and I want not only to express officially my appreciation of this valuable and patriotic service, but to offer any assistance I can extend to its enlargement and maintenance."

There are certain peculiar conditions of impatience and unrest arising. For this I know of no cure, except the opportunities for reading, diversion and association which such agencies as the Y. M. C. A. afford.

COL. BUSH APPEALS TO NEWARK FOR RECRUITS

Attorney C. W. Miller has received the following telegram from Colonel Bush, who is with Battery C at Camp Perry, O.:

"I trust that Newark will respond generously to the call and send a handsome representation through Battery C to the field artillery. The record of 1898, when Newark sent as many men as either Cleveland or Columbus is well worth repeating."

SPENCER CHAPEL.
Preaching at Spencer Chapel, Sunday at 10:30 a. m. by Rev. Fowler Harper and at Madison at 2:30 p. m. Also at Ellis Chapel at 2:30 p. m. Service at Black Hand in the morning and Hanover at night.

Bringing the Very Finest of Furniture
Within the Purchasing Power of the
Average Family

Such furniture as we picture above and describe here has always been considered too high-priced to be within the means of families of moderate incomes and the way they were sold in the past they were prohibitively high-priced, but we are changing all that. We are placing this kind of furniture within the means of all, bringing down the price and granting credit terms to suit anyone.

We Sell This Furniture As We Do
Every Other Kind

We charge the same low margin of profit on this kind of furniture as we do on any other, and instead of buying one or two of a kind we order by the dozen and with our associate stores by the hundred. That is why you are reading this advertisement, the first of its kind ever published, offering furniture of this quality at this low price, and especially under low credit terms.

People Are Taking More Pride In
Their Homes These Days

Outside and inside, people are making their homes reflect their tastes and sense of the artistic. That is what is making these tapestry suits grow in popularity because they represent all that is considered beautiful and artistic in living-room furniture. This is the type of furniture you delight in having your friends admire.

We have never been better equipped with merchandise and service than to-day.

Your duty and ours is to keep all labor employed. In so doing we keep the mills and factories going.

Your purchases and ours are the background of the nation's power. Your purchases and ours are the conservation of its resources.

This new ventilating porch shade is fast increasing in popularity. Old style, heavy, heat and air retarding awnings and shades are a thing of the past. Aerolux ventilating porch shades keep the hot sun out but let an abundance of fresh air in.

10 Degrees Cooler!

No stuffiness, no stifling heat. Airy, delightful outdoor rooms added to your house. Aerolux adds a quaint, rustic touch to porch and home that is unusually attractive. Colors harmonize with any scheme.

LAST MANY YEARS

Shades and colors are weather defying, most economical and satisfactory porch shades you can buy. Come in and see them.

REFRIGERATORS THAT SAVE ICE

Patent Automatic Fasteners

One of the many desirable features of our guaranteed Refrigerators is the new patent automatic fastener.

This fastener is so arranged that it works automatically when the door is closed, it also starts the door open as soon as the handle is raised, thus avoiding the door striking. The lock or fastener proper is placed on the stile of the refrigerator and not on the door as with most refrigerator locks, thus avoiding any strain on the hinges when the door is fastened. The construction is strong and it is simple in manner of working, and we believe the best fastener ever put on a refrigerator.

Come in and see these wonderful ice savers. We have Ice Boxes and Refrigerators in all sizes, priced from

"SHE"

SIR RIDER HAGGARD'S GREAT STORY WITH
VALESKA SURATT

Auditorium

Today and Tomorrow
CONTINUOUS SATURDAY,
STARTING AT 1:00 P. M.

SUNDAY ONLY
Robin Crusoe
FIVE REELS

CHARLIE CHAPLIN
—IN—
THE CURE

Amusements

ALHAMBRA.
Tonight and Tomorrow.
One of the most interesting and amusing of the new Marguerite Clark pictures, "The Valentine Girl," produced by the Famous Players and released on the Paramount Program is the scene in which the wistful little Marian Morgan, twelve years old, is fingered the wedding finery of Lucile Haines and realizing that when her own wedding day comes there will be no mother to help her with her wedding gown, at the Alhambra theater tonight and tomorrow.

Sunday.
Rex Beach, the author of "Pardners," in which motion picture of same title Charlotte Walker is starring, and which is released by the Mutual Film Corporation, is one of the best known young authors in the world.

AUDITORIUM.
The Auditorium offers today and tomorrow the William Fox production, "She."

Now Rider Haggard's "She" is done on the screen. When a much read book is dramatized the success of the play depends in a great measure on the selection of the types. In this case Valeska Suratt is in the title role and follows the lines prescribed for Haggard's weird woman closely, not to say exactly. In a review on this feature a critic in Cleveland says: "Besides Miss Suratt in this feature a new triumph comes to an comparatively unknown actress. She is Marian Pouchie, a shapely gazelle in her barbaric lion cloth and a girl with an exceptionally compelling personality. She impersonates Estano. Others who deserve special mention, Ben Jaggard as the hero is very good. The scenic effects are marvelous, the scenes in ancient Egypt with its waves of sand, verdant Edens, waving frouds, half-nude savages, black chorus girls is most interesting including Miss Suratt's knees, which play a star part owing to the tropical architecture of her costumes. It is almost, so to say, an unmissable role. This is a feature that should attract crowds both today and tomorrow to the Auditorium theatre.

Charlie Chaplin.
Probably no other comedian in the world can get as much fun out of his to others would be a trifling situation as can Charlie Chaplin, the \$670,000 Mutual star. In "The Cure," his latest offering, as a cure for everything and especially the blues, Charlie keeps the spectators in uproar all of the time. This clever comedy will be the Auditorium feature Sunday together with Henry W. Savage's stupendous five part feature, "Robinson Crusoe." Lovers of the good old stories have not failed to remark on an incident in the life of Robinson Crusoe as Henry W. Savage shows it in his production of that name. It is known by very few that when Robinson Crusoe was a youth, he broke the heart of a Moorish girl who fell violently in love with him and in fact aided his escape. It was when he and the crew of a Portuguese galleon were attacked by Moorish pirates that they were all taken prisoners and were sold into slavery.

"Bull" Montana.
"Doug" Fairbanks has taken unto himself a regular trainer in the person of "Bull" Montana, erstwhile pugilist, wrestler and ringside instructor. Anyone familiar with "Doug's" work on the screen can readily appreciate the fact that he required a trainer to keep in form. "Bull" is not only a trainer, but he is also somewhat of an actor, as demonstrated in the first of the Fairbanks-Artercraft pictures, "In Again—Out Again," at the Auditorium next week. "Bull" Montana will be remembered in Newark as he wrestled our "Own Bowser" Mr. Penberg announces the appearance of Mr. Fairbanks in his first picture at the head of his own company, "The Artercraft Picture Corp." and he will be seen at the Auditorium for two days beginning next Wednesday.

Coburn Players.
Since making theatrical history in New York last winter in their productions at the Cort, Harris and Liberty theatres there, the services of the Coburn Players have been in especially great demand throughout the country. They had been well known in the college and university circles of greater importance but it was not until they invaded the metropolis and had been passed upon by the most critical audiences in the land, and when the news of their success had been sent far and wide, that it was realized that the Coburns were the theatrical proposition seriously to be reckoned with in even the highest places. As an evidence of the appreciation with which they were greeted in New York it need only be said that they came into the city intending to give a short series of special matinees and made such an impression that they were virtually forced to remain five months for regular performances. They will be seen at the Auditorium Saturday, May 26, matinee and evening, in "The Yellow Jacket."

Betsy Ross Made the First American Flag.
Patricia Channing devotes all her splendid energies and artfulness in defense of the flag from the machinations of the foreign enemies. You have always admitted Betsy Ross; you will fall in love with the heroine of "Patricia," the serial supreme among motion pictures and the one that is seen at the Auditorium every week. Episode No. 7 will be seen Monday and Tuesday next. Do not miss this one as Mrs. Vernon Castle is seen in some new and wonderful thrills. Monday this feature is seen together with Viola Danan in "The Mortal Sin," a Metro masterpiece and Tuesday together with Mary Pickford in a return engagement of "The Little of the Clan."

"Patricia."
In making the pictures for the romantic serial "Patricia," the seventh chapter of which is to be shown at the Auditorium theatre next Monday and Tuesday, Mrs. Vernon Castle, who plays the title role, is called upon to do things which a less intrepid or capable woman would have refused or been unable to do. The heroine of "Patricia," produced for International and released by Pathe, is an expert rider, swimmer, diver, dancer, violinist and dancer, equally at home in driving a motor car or a motor boat, and familiar with aeroplanes and all their ways. To be seen Monday together with "A Mortal Sin."

Denies Statement.
Newark, Ohio, May 17th, 1917.
In answer to a statement made in the Newark Herald at the Tabernacle that the house of the Auditorium theatre

PLAYED OUT LAWYER LOOKS LIKE NEW

ALL HIS FRIENDS PLEASED.

For a long time he kept the secret of the wonderful change to restored health and recovery from nervous breakdown, but at last because of the help it might be to his friends he thought it only fair to tell them, and now they are all like him, have "come back" and feel like doing things.

He took PHOSPHATED IRON and it took hold of him immediately, he says he felt better "right off the reel" and you never saw a more thankful and pleased man, he cannot say enough in praise of PHOSPHATED IRON. He says it seemed as if his whole system just craved the IRON, it was absorbed so quickly the color came back to his cheeks, his step had that old time boy swing and spring, while as for his nerves, the Phosphates got right to work, cleared up the cobwebs and befuddled brain, so he could think better and act quicker, his judgment was right again, he had decided that he lacked for years, no wonder he is a pleased booster of Phosphated Iron.

Mr. Professional Man or Woman, Mr. Office Man or Bill Clerk or Stevedore, who is all in and feels that he is not sick and he is not well, but who knows he is not right, PHOSPHATED IRON is just what you need, it will tide you over, put you right, you will feel "on the job" and work will be a pleasure.

Special Notice. To insure your receiving the genuine Phosphated Iron we have put up in Capsules Only. Do not allow dealers to substitute Tablets or Pills. Evans' Drug Store, Newark, and leading druggists everywhere. (Adv.)

WANTS PENSION AS WIDOW OF FIRST OF HER FOUR HUSBANDS

Washington, May 18.—The board of pension appeals spent a long time yesterday considering the case of Mary Lake of Johnstown, Ohio, which presents some very unusual features that wrack the brains of the pension experts.

Mrs. Lake has been married four times. Her first husband, Jacob Welch, was a Civil War soldier. Her subsequent husbands have not been soldiers. The question presented to the pension sharps was this:

"Is she entitled to a pension on account of her first husband?"

It was agreed that if Mrs. Lake had only been married twice the solution would be simple. She would be entitled to a pension, even though her second husband was not a soldier. The experts were inclined to agree that when she married the third time she forfeited all rights to a pension and that when she married the fourth time the forfeiture was clinched. The board ruled that when a widow was on the rolls and was dropped as not entitled to a pension because of remarriage she could not be restored, but this did not dispose of the case of Mrs. Lake, who has never been on the pension rolls, and a final decision was postponed.

Representative Ashbrook, who appeared before the board, contended that under the law which bears his name, Mrs. Lake is entitled to a pension on account of her soldier husband. Commissioner of Pensions Saltzger takes a different view.

HARVEY MOORE SINGS WITH COLUMBUS BAND

The special train carrying 200 members of the Manufacturers' and Jobbers' Association arrived in the city last evening at 4:15, being about fifteen minutes behind the schedule. It was met by President F. L. Beggs, Manager Geo. H. Mosser and a reception committee from the Newark Chamber of Commerce.

A parade was formed by the famous Fourth Regiment band and the members of the party, marched up Second street and around the square, forming on the east steps of the court house where an address of welcome was delivered by President Beggs. It was responded to by President J. M. Bobb of the Columbus M. and J. Association.

Several selections by the Buckeye band followed and Harvey Moore, the well known baritone soloist, sang a popular ballad and the crowd dispersed to call on various merchants over the city. Automobiles were provided for those desiring to go out some distance. Quite a few of the party were driven to Granville and Judge Maurice H. Donahue was taken to Houston Place on Broadway road east of Granville, where he met Mr. Houston, the two having been friends for many years in Perry county.

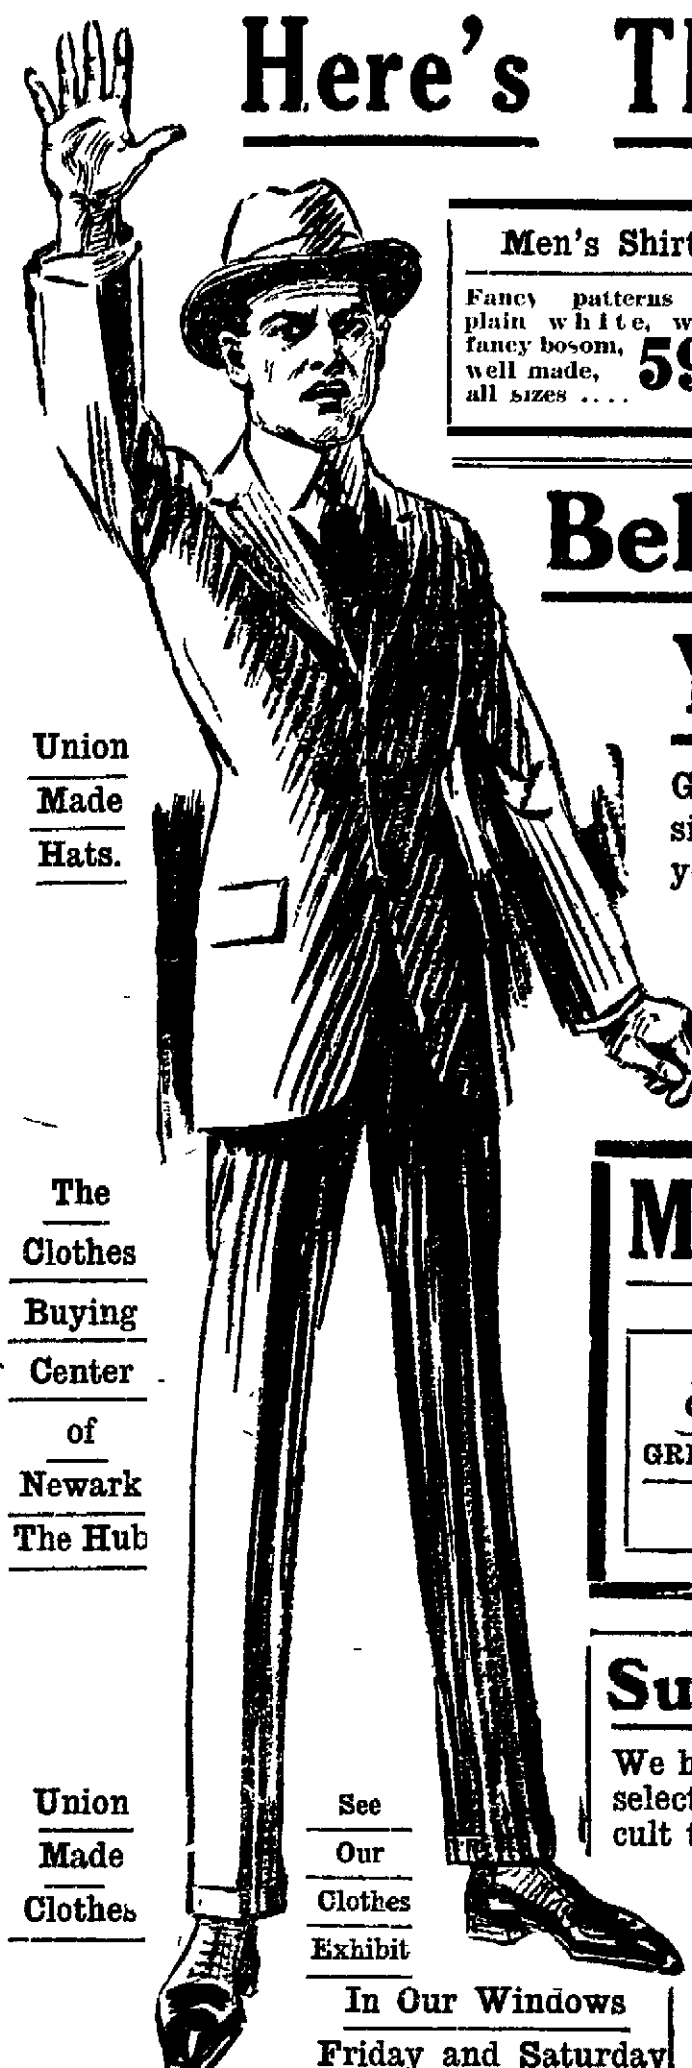

After supper the Fourth Regiment band gave an enjoyable concert from the balcony of the Warden Hotel, lasting an hour and a half. Mr. Moore sang a number of popular songs, making a hit with the large crowd which had collected to hear the music.

Mayor George Karb, Judge Donahue, President Bobb and a number of others were entertained at the Elk club and Mayor Karb gave an interesting talk after having been introduced as "the next governor of Ohio." The party left at 8:30 for Columbus.

Not for Conscriptio.
Do you believe in conscription?
No. I've no faith in those druggists. I always use all the old-fashioned remedies.—Detroit Free Press.

No Maude gear; to drown one's sorrows in the flowing bowl isn't always the spiritual way to do it.

**SAVE OLD PAPER
FOR RED CROSS
SATURDAY, MAY 26**

Saturday May 26th will be waste paper collection day for the Red Cross.

Twenty-five or more high school boys will visit every section of Newark on May 26 and collect all waste paper, iron and junk in wagons and automobiles. The paper will be delivered to a central point and baled and the paper bales and the junk will be sold, all of the money derived from the day's work going to the Red Cross fund.

Young men who are willing to give their time on May 26 to this worthy work should report their names promptly to Supt. Wilson Hawkins. These who will give the use of automobiles or wagons will also report to Mr. Hawkins.

The Jewett Car Company has been saving its paper and other waste materials and already has a number of bales ready to turn over to the Red Cross fund.

Everybody is requested to save every newspaper and place the bundle in a convenient place where it may be seen by the collectors on May 26. This movement should result in a substantial addition to the Red Cross fund.

**GERMANS CALL ON
ALL OF RESERVES
ON WESTERN FRONT**

(ASSOCIATED PRESS TELEGRAM)

London, May 18.—The British and French have forced the Germans to use virtually all the fresh reserves which they had at the beginning of the battle of Arras, Major General F. D. Maurice, chief director of military operations at the war office, told The Associated Press yesterday. When the British offensive began the Germans had 39 reserve divisions on the western front. The British onslaught at Arras and the more recent French offensive have compelled the Germans to employ all but four of these divisions.

The German divisions have been reorganized since the beginning of the war, General Maurice continued, but at present contain at least 20,000 men each.

"I will tell you now what our plan has been and is on the western front," continued General Maurice. "It is to wear the Germans down. We realize that there is going to be no big advance without the accomplishment of this. You need not expect sensational pushes into enemy territory at present. It will be slow hammer and tongs fighting such as we have been conducting in the battle of Arras. And we are succeeding in our object. When we began the offensive we were thoroughly prepared and the result was that the German losses were much heavier than ours. Lately we have been forcing the Germans to assume the offensive and attack us in order to prevent us from going forward. This is just what we want for the Germans are compelled to throw men against us under unfavorable circumstances without having time to make deliberate preparations. The results are disastrous for them, as their losses are tremendous. In making these counter attacks the Germans use virtually all their reserves and nobody uses fresh troops unless it is necessary.

"In this connection I may cite as a significant fact that the German higher command lately adopted a deliberate policy of deceit in the issuance of official statements. This was not done in the early part of the war and the reasons for the present deception are due to obvious causes. The German officials are trying to bolster up the courage of their people and make them patient. In the meantime the German army is doing everything possible to tire out and hold us while the German submarines work. They hope to win by starving us out the U. boat campaign."

Discussing the Italian offensive General Maurice said it was launched partly because of the allied successes in the west. The Germans had been forced to keep their troops along the western front, thereby leaving Italy free.

**MRS. KIESO SICK
SEVEN MONTHS**

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Aurora, Ill.—"For seven long months I suffered from a female trouble, with severe pains in my back and sides until I became so weak I could hardly walk from chair to chair and got so nervous I would jump at the slightest noise. I was entirely unfit to do my housework. I was giving up hope of ever being well, when my sister asked me to try Lydia E. Pinkham's Vegetable Compound. I took six bottles and today I am a healthy woman able to do my own housework. I wish every suffering woman would try Lydia E. Pinkham's Vegetable Compound, and find out for themselves how good it is."—Mrs. CARL A. KIESO, 596 North Ave., Aurora, Ill.

The great number of unsolicited testimonials on file at the Pinkham Laboratory, many of which are from time to time published by permission, are proof of the value of Lydia E. Pinkham's Vegetable Compound, in the treatment of female ills.

Every ailing woman in the United States is cordially invited to write to the Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for special advice. It is free, will bring you health and may save your life.

**SORE FEET TEACH
EMBRYO OFFICERS
THEIR IMPORTANCE**

Ft. Benjamin Harrison Ind., May 18.—It was their feet today. Ohio members of the officers' reserve corps in camp here, ignorant of military training, never knew before today how important their feet were. Their instructors told them that unless they had good feet they could not be good soldiers; that corns and bunions were about the worst enemies a soldier could encounter. It really was the most interesting feature day for the recruits. The regular army officers who are instructors at the camp, arranged the companies in circles on the parade ground and gave the uninitiated an hour's lesson in the care of their pedal extremities. The subject was interesting far beyond the mere theory of it, for many of the Ohio recruits had accumulated various and sundry blisters during the hiking and drilling of the two days previous. There are many sore arms in camp, too, the result of the inoculation against smallpox and typhoid. Some even had to go to the hospital, but are expected to be out in a day or so.

**FEMININE
QUESTIONS**

"How can I drive away these disfiguring wrinkles—how can I make my skin smooth and soft—how can I get rid of the sallowness and dryness of my skin and bring back the fresh, youthful color?" The answer goes to T. J. Evans, Erman's Original Cut Rate Drug Store, or any first-class dealer, at once, get a bottle of Usit and apply it regularly at night before retiring, for a short time. The results from the use of this pure nut-oil, liquid preparation, are wonderful. Wrinkles disappear, the skin becomes soft and smooth, plumpness is restored, and youthful color and freshness return. It is clean, delicate, perfumed, guaranteed not to cause the slightest hair-growth, and freckles, black-heads and many forms of eczema as well, yield to this treatment.

**CATHOLIC POPULATION IN
THIS DIOCESE IS 101,000**

Official Catholic Directory just published by P. J. Kennedy & Sons, New York, gives following statistics for past year regarding Columbus diocese: Bishop, 1; priests, 170; churches with resident priests, 96; total churches, 144; colleges and academies, 5; parishes with schools, 59; pupils, 13,311; orphan asylums, 2; orphans, 247. Catholic population about 141,174, marriages, 682; baptisms, 4,977; converts, 532; deaths, 1,569.

**FARMERS OF OHIO
GROW BUCKWHEAT**

Washington, May 18.—Buckwheat should be grown in larger quantity this year in Ohio, where it is known to be a cash crop. It should be sown on land where other crops have failed and on old meadow and pasture lands where the yields of hay and grass promise to be small. The buckwheat is a hardy crop and the Department of Agriculture is urging farmers to grow it.

BRITISH SHIP SUNK.
(ASSOCIATED PRESS TELEGRAM)
New York, May 18.—The British steamship Harpagon has been torpedoed according to a cablegram received here yesterday by the agents, J. W. Brown & Co.
The Harpagon, of 5,866 tons gross, left New York on April 21 for Marseilles, France. The message received here gave no details of the sinking.

Chas. H. Brown in Town.
Charles H. Brown secretary of the Central Building Loan and savings company, 45 East Gay street, was with the Columbus party that visited Newark yesterday afternoon. Mr. Brown, now one of Columbus' prominent business men was a Newark boy many years ago. He inquired about a number of the old time residents of Newark many of whom have passed on and was much interested

In the growth and development of this town. Before leaving Mr. Brown accompanied by Charles R. Shields, Columbus bank cashier, who formerly lived here, called upon George L. Warner whom Mr. Brown had not seen for 35 years. As a newsboy Mr. Brown numbered Mr. Warner among his regular customers.

Mission Service.
Services at 131 Church street, Friday, Saturday and Sunday evening at 7:30; also Sunday afternoon at 2:30. Sanford Owen, pastor in charge.

Children Enjoyed Play.
Crowds again saw Mary Pickford in "A Poor Little Rich Girl." The school children of the city took advantage of Mr. Fenberg's generous offer, when they were admitted for five cents yesterday between the hours of 3:30 and 4:30. Nearly 1,000 children were there.

Birth Announcement.
Mr. and Mrs. William E. John announce the birth of a 9-12 lb son at their home in Hebron, May 17.

Taxicab Turns Over.
A taxi cab carrying a single passenger turned over yesterday afternoon just as it was approaching West Orange street after having come down the Catholic cemetery hill. A tire blew out while the machine was traveling at about fifteen miles per hour and it turned over, breaking the top and windshield, the damage being about \$20. Neither driver or passenger were injured.

Lutheran Church.
St. John's Lutheran church, (Newark Charge) on Linville pike, Sunday school at 9 o'clock; morning worship at 10. H. L. Greenwalt, pastor.

Police Court.
Patrolmen last evening arrested a man and woman in South Fourth street, the former charged with being intoxicated and the latter with drunkenness and disorderly conduct. The woman, who is married, was found in the lodgings of the man. They were taken to the city prison and this morning in police court Mayor Bigbee assessed the woman \$5 and the costs and in default of same she was taken to the county jail. The man was assessed \$50 and the costs.

Has Arm Broken.
John Keifer, member of the firm of Keifer & Bolton had his right arm broken on Thursday evening, when in cranking his machine the engine back fired, striking his arm.

Underwent Operation.
Charles Odendahl, residing in Chestnut street underwent an operation at the hospital in Granville street yesterday for the removal of a growth in the nose. The attending physicians were Drs. C. B. Hatch, J. T. Harbottle and H. J. Davis.

No G. A. R. Meeting Sunday.
The Grand Army meeting for Sunday, May 20, has been cancelled in deference to the Bromley tabernacle meetings.

Machine Awarded.
An entertainment given by the Fourth District Ladies Auxiliary, Knights of St. John in Columbus, O., for the benefit of the Children's Hospital, the Ford machine was awarded to Mrs. Catherine Hellenenthal of Columbus.

ARMY BOARD LOOKS OVER CAMP SITES ZANESVILLE TODAY

(ASSOCIATED PRESS TELEGRAM)
Columbus, May 18.—The board of regular army officers appointed by General Thomas H. Barry, Chicago, inspected the various sites recommended for the Ohio-West Virginia concentration and training camp for the army to be raised in this division under the conscription law, probably will visit Zanesville today. Yesterday they inspected the site offered by Toledo.

Other sites to be inspected by the committee of regular army officers before definite announcement is made of their decision are located at Washington, C. H., Delaware, Newark, Briggsdale, Chillicothe, Ironton and Charleston, W. Va.

WAIT RIGHT MOMENT TO UNITE PRESBYTERIANS

(ASSOCIATED PRESS TELEGRAM)
Dallas, Texas, May 18.—The 129th general assembly of the Presbyterian church in the United States opened its second session today with prospects uncertain as to whether the proposal for a reunion of the two factions of the church, the North and South, would be broached during the day.

"We are waiting for the psychological moment," said one leader.

The Sick

Mrs. Mamie Thompson was removed this morning in the Bazler ambulance from her home, 62 Hoover street to the City Hospital.

Don't Let Soap Spoil Your Hair

When you wash your hair, be careful what you use. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mul-ti-fied coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, buoyant, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

(Advertisement)

The Courts

Divorce Petitions.
Nellie M. Place has filed a petition in common pleas court against Walter E. Place. They were married March 29, 1915, and are the parents of one child, aged two years. Gross neglect is alleged, also extreme cruelty, the plaintiff stating that defendant insulted her, was indifferent and refused to speak to the plaintiff without cause and that he deserted her. She asks for a divorce and care, custody and control of the minor child.

Addie L. Abbott has filed a petition in Clerk B. O. Horton's office against Edmond T. Abbott. She alleges they were married August 22, 1900, and that they are the parents of two children, aged 14 and 10 years. Defendant is charged with gross neglect and extreme cruelty, in that he called her vile and indecent names, struck her, and ordered her from home. She asks for a divorce and care, custody and control of the minor children.

Asks for Receiver.
Edward W. Phillips has filed a petition in common pleas court against Marion B. Warrington, into which he alleges that they entered into partnership on July 12, 1916, for the purpose of retelling groceries; that the business has ceased to be profitable and that it is impossible to carry it on without loss; that the firm has a large and valuable stock and has \$450 in debts against them and a valuable good will. The plaintiff asks that the partnership be dissolved and that a receiver be appointed with the power to dispose of the stock and close out the business.

ROOMING HOUSE FIRE.
(ASSOCIATED PRESS TELEGRAM)
Cleveland, O., May 18.—An unknown man was probably fatally burned, another was rescued by firemen and about 15 others were nearly overcome by smoke in a fire in a four story rooming house in the downtown section today.

What Counts.
But are you fair, sir?
Fair! I don't have to be fair. I'm twice your size.—Life.

MAYOR KARB KISSED NEWARK GIRLS FOR LAPEL BOUQUET

Last night, while the Fourth Regiment band was playing a concert from the balcony of the Warden Hotel, an improvised reception was held in the parlors for Mayor George Karb, of Columbus, and the officials of the Manufacturers and Jobbers Association of the Capital City, who were guests here for four and a half hours last evening. The Misses June and Myrtle Duer of the Arcade flower store, pinned boutonnières on a number of the gentlemen present. After Miss Myrtle had pinned the flower on Mayor Karb's coat lapel he thanked her and then lightly kissed her on both cheeks.

CHICAGO WOMEN CUT DOWN MODISTE BILLS

(ASSOCIATED PRESS TELEGRAM)
Chicago, May 18.—A touch of war time economy on the part of Chicago women was shown here today when it became known that more than one half of the assistants of the fashionable modistes along Michigan Boulevard, the most exclusive woman's shopping district in the city, have been discharged. This is said to be the result of the saving in clothes put into effect by Chicago women since war was threatened.

Wise While.
How many revolutions does the earth make in a day? It's your turn, Willie Smith.
You can't tell, teacher, till you see the morning paper.—Baltimore American.

POLICE WARNING AGAINST THIEVES; SHOW WELL POLICED

Police Chief James Sheridan, assisted by Captain of Police Charles Hager, early this morning assigned a number of extra patrolmen for duty over the city. The Chief met the chief detectives with the Sells-Floto circus and the latter stated that they had been having but little trouble with crooks or confidence men usually following the large tented exhibitions.

A number of Pennsylvania railroad lieutenants of police are with the circus, having been assigned to duty ever since it has been using the Pennsylvania lines. The circus leaves that road tonight, taking the B. & O. for Cambridge and from there will go to Wheeling, W. Va. Chief Sheridan stated that he did not anticipate any trouble but at the same time he desired to warn all residents to lock their house and fasten all windows before going to the circus this evening, as there is usually a number of porch climbers and door mat thieves in town on circus day.

Funeral of Mrs. Forry.
The funeral of Mrs. A. V. Forry will be held at the chapel in Cedar hill cemetery on Saturday afternoon at 2:30 o'clock. The body will arrive in Newark Saturday morning from St. Louis. Mrs. Forry formerly resided south of Newark.

Funeral of Carl Kaiser.
The funeral of Carl Kaiser, who died as the result of injuries received in a fall, will be held at the home in Pataskala street on Saturday afternoon at 2 o'clock, and interment will be made in Cedar hill cemetery.

Funeral of Mrs. Forry.

Obituary

Chas. Riggles Funeral.
The body of Charles Riggles, 32, lineman, who was electrocuted Wednesday at the B. & O. railroad crossing and West Mound street, in Columbus, Wednesday, was brought to Gratiot yesterday and will be buried tomorrow.

Mrs. Abbie Jane Grant.
Mrs. Abbie Jane Grant died at her home, 182 Tenth street, Friday morning at 7:15 o'clock, following an illness of weeks of paralysis.

The deceased was the daughter of Dr. B. W. Brice, one of the early settlers in Newark. She was born in this city, December 19, 1837. Her husband preceded her in death in 1880, and her eldest son, Ben B. Grant, died in 1888 of yellow fever at Louisville, Ky. She is survived by one son, Edward J. Grant, and two grandsons.

Mrs. Grant had been a member of the First Presbyterian church for fifty-eight years. The funeral services will be held at that church, Monday afternoon at 1:30 o'clock.

Funeral of Mrs. Forry.
The funeral of Mrs. A. V. Forry will be held at the chapel in Cedar hill cemetery on Saturday afternoon at 2:30 o'clock. The body will arrive in Newark Saturday morning from St. Louis. Mrs. Forry formerly resided south of Newark.

A beautiful collection of fine garments in pink and white crepe de chine and sheer white nainsooks. The dainty trimmings of sheer lace and delicate ribbons make this collection one which every lover of fine lingerie will appreciate.

COME EARLY SATURDAY.

The W. H. Mazey Company

BELGIAN AIR MEN EXECUTE DARING ATTACK ON ENEMY

(Associated Press Correspondence)
Havre, May 17.—A remarkable story of how two dare devil Belgian aviators, flying at night behind the German lines, imitated German air-men and succeeded in bombing an enemy aviation station, has come to the attention of a correspondent of the Associated Press. Although the exploit happened some months back, it seems not to have been widely known.

A Belgian airplane piloted by Adjutant Jenatz, brother of the automobile racer, with Lieutenant Rolin, as observer, took the air above the German lines. Rolin was looking for comrades in the air, when he spied passing under him in a ray of moonlight a machine that he recognized as a German. It was followed by a second and a third.

"They are the Germans," he said to his companion, "Let us follow them." The Belgian machine followed the German flotta until it arrived above the aviation camp of Ghinzelles. The German machines began to descend in long spirals. Jenatz and Rolin followed them. They saw the German pilots making luminous signals, to which a searchlight from the aviation camp responded. Then the whole camp was lighted up; sheds, landing ground, guiding searchlights were all well in view.

One German machine landed, when the field was plunged again into obscurity to be lighted up again an instant later, to darken again after each landing. The three German machines had reached the ground and in their turn Jenatz and Rolin cut off the gasoline supply from their motor, decided to take the big risk.

Lieutenant Rolin played with an electric lamp the signals that he had just seen the Germans give. The searchlights below responded.

Jenatz and Rolin saw below a crowd of helpers and soldiers surrounding the three machines that had already landed. Diving down full into the glare of the lights that had been provided for them in the supposition that they were Germans, they plunged straight over the ships at a feeble height, released the four bombs they had.

Four formidable explosions shook their machine as if it were buffeted by mighty waves, four immense flames shot into the air followed by a thick white smoke, under cover of which the Belgians turned right about, opened with their machine guns upon the dismayed soldiers and mechanics of the camp as they passed over the field. The lights went out, the anti-air craft guns struck out, machine guns searched the air, but the two Belgians were already out of range, laughing heartily at their "swan" the name that is given in Brussels to a first rate joke.

The work of the Belgian flying corps has been far more important than could be supposed from the limited publicity that has been given to it. Its work all through the war has gone far beyond its co-operation with the other Belgian military forces.

MAKE THE OLD TIRE LIKE A NEW ONE.

Every automobile owner is bound to have some tire trouble at some time. It makes no difference how good the make of tire, there will be a time when it will need repairing. In fact if taken in time it may save the cost of a new tire. Just recently the Victor Vulcanizing Company was organized and are located at 43 South Second street, Newark, O. They are equipped to do vulcanizing and tire repairing in the shortest time possible and their prices are not exorbitant. Auto owners should remember to give them a trial. L. R. Eby, manager.

Yes.
But you always see him walking.
He's too lazy to bother with the motor-car.—London Answers.

MRS. R. L. HOCK TOOK THE WORD OF HER FRIENDS

When They Advised the Use of Nerv-Worth and Results Were Excellent.

This entirely new statement in behalf of Nerv-Worth was given a few days ago by Mrs. Hock, who lives at 159 Corwin avenue, Zanesville. It is new proof of the old fact that those who find health and comfort in this famous family tonic go out of their way to tell fellow-sufferers how it confers those priceless possessions upon humanity. Said Mrs. Hock:

Nerv-Worth Co.—"I suffered for two years with nervousness. I always felt tired and run down. Sleep not the best. Tried a bottle of Nerv-Worth because the medicine was recommended by my friends. After using one bottle of Nerv-Worth I am of the same opinion as others and must say it has helped me and I certainly recommend it."

MRS. R. L. HOCK.

159 Corwin avenue, Zanesville.

T. J. Evans sells Nerv-Worth at Newark, and hands your dollar back if the tonic fails to overcome your nervousness. Ask for the new Nerv-Worth Laxative Tablets, 25c a box. Wonderfully good for liver and bowels, especially in connection with Nerv-Worth, the tonic.—Advertisement.

T. L. DAVIES
FADER IN QUALITY AND LOW PRICES

GARDEN GUIDE IS OFFERED FREE AT WELFARE BUREAU

The Vacant Lot and Back Yard Gardener's Handy Guide is a pamphlet gardening which Professor Hottel promised to supply in connection with his lecture at the High school on Monday night. A large package was sent for distribution but was not received in time for the lecture. They can be had now at the Chamber of Commerce rooms and at the Public Welfare Bureau, 14 Carroll & Schaus building.

This pamphlet treats the subject in a plain and practical way. Plans of a garden, preparation of the soil, selection of seeds, planting, both as to time and method, are clearly stated. Cultivation, irrigation and thinning out are discussed also. This outline will be of real help to every gardener. One important item is omitted, namely, the garden insects and how to destroy them. Those who have heard Prof. Hottel will remember his division of insects into the "chewing" insects and the "sucking" insect, that the chewing insect must be poisoned through feeding and the sucking insect must be sprayed.

BROMLEY MEETINGS

(Continued from Page 1.)
prayer and good literature in the homes.

The evangelist stated that it takes a real clam to awaken some people to their need of salvation. He stated that it often took many, many drawbacks and accidents before the heedless person would come to "That's God's way," said he. He made a strong plea for the people to come to their senses.

TABERNACLE ANNOUNCEMENTS.

Friday.
7:30 p. m.—Services at the tabernacle. Sunday school parade before the service.

Saturday.
2:00 p. m.—Miss Fetterolf will address a mass meeting for men and women at the tabernacle.

7:30 p. m.—Services at the tabernacle. The Booster chorus will sing.

Sunday.
10:30 a. m.—Services at the tabernacle.

2:00 p. m.—Services at the tabernacle for everybody.

7:30 p. m.—Services at the tabernacle.

6:00 p. m.—Young People's service in the Central Church of Christ. A street meeting was held this afternoon shortly after 1 o'clock by members of the Bromley party.

The business men's prayer meetings, held every morning at 5 o'clock at the Y. M. C. A. are being better attended each day.

Sunday the Bromley campaign will come to a close and the evangelist will preach three times to mixed audiences.

In addition to its 100% service in the keeping of your food, the Automatic, with its patented, built-in water cooler, gives a constant abundance of drinking water that no odors or impurities can reach. The

Automatic Refrigerators

is a blessing, too, for its economy of ice. The conscientious workmanship put into it—its tight-fitting doors—its thoroughly insulated 8-ply walls—INSURE A CONSTANT COLDNESS, while the automatic circulation prevents the mixing of food flavors and INSURES PERFECTLY KEPT FOOD, tasting its very best.

You simply must see the Automatic before you buy your refrigerator.
